## Trip to Knights Garden Centre (Nags Hall)

**Wednesday 5th September 2007**

On Wednesday 5th September, Mrs. Nicoll and Mrs. Marr took Hamish and Oliver to Nags Hall garden centre.

Our Maths topic for this term is money, so their challenge was to buy some plants and to independently pay for them and their refreshments.

On our arrival, Oliver confidently went to ask a member of staff to help us find a suitable plant to grow in class.

We were shown lots of lovely examples and eventually decided to purchase some hyacinths bulbs and glass jars to grow them in.

Then we had a good look round and went to pay for our bulbs and jars. Before leaving, we had a drink and snack in the cafeteria.

Both boys did extremely well, needing very little support to order and pay for their items and so achieved their objective on the life skills check list.
