

Moor House School & College

Child and Adult Safeguarding Policy and Procedures November 2022

This policy was agreed by governors on:	November 2022
Who needs to read this:	All staff, Governors, Parents and regular visitors to MH
Review cycle:	Annually
Next review date:	October 2023
Current status:	Sent to ECM/ Approved by ECM / Sent to FGB / Approved by FGB
The person responsible for this policy is:	The Designated Safeguarding Lead
The committee responsible for this policy is:	Every Child Matters Committee

POLICY STATEMENT

We believe the safety and well-being of children and vulnerable adults / adults at risk is of the utmost importance and that they have a fundamental and equal right to be protected from harm regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation. We fully recognise our statutory responsibility for safeguarding: the safety, protection and well-being of all children that Moor House supports and interacts with, is paramount and has priority over all other interests. This includes responding immediately and appropriately where there is a suspicion that any child under the age of 18 years old may be a victim of bullying, harassment, abuse (including physical, sexual, emotional) or neglect.

A small number of students at Moor House are aged 18 and over. Appendix 3 of this policy outlines how Moor House will respond to concerns raised about a vulnerable adult/ adult at risk in our setting. The Designated Safeguarding Lead is also the Designated Safeguarding Adult Lead and the Deputy Designated Safeguarding Leads are Alerting Managers.

Moor House School & College encourages a culture of listening to and engaging in dialogue, with children and vulnerable adults / adults at risk seeking their views in ways that are appropriate to their age, culture and understanding.

This policy has been drawn up on the basis of legislation, policy and guidance that seeks to protect children in England including the Children's Act 2004 and "Working Together to Safeguard Children 2018". [Working together to safeguard children \(PDF\)](#) (DfE), 2018 provides the key statutory guidance for anyone working with children and young people. All procedures and policies pertaining to safeguarding are regularly reviewed and updated on an annual basis.

This policy was last reviewed by the Governing Body on 5 December 2022

Signed:

Barbara Martin
Designated Safeguarding Lead and Designated Safeguarding Adult Lead

Key Personnel

The Designated Safeguarding Lead (DSL) is: Barbara Martin

Contact details: email: martinb@moorhouseschool.co.uk

Telephone: 01883 712271

The Deputy DSL(s) are:

1. Madeleine Van Niekerk

ORGANISATIONAL RESPONSIBILITIES

Moor House School & College will be initially responsible for the implementation of the Safeguarding Policy and may designate a certain member of staff to manage the Safeguarding Policy and its implementation.

It is the responsibility of the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead to take appropriate action following any expression of concern and make referrals to the appropriate agency.

Moor House School & College will ensure that the Designated Safeguarding Lead and Deputy Designated Safeguarding Leads participate in regular safeguarding training on an annual basis so that they are aware of the procedures of identifying and reporting suspected cases of abuse and neglect and are up to date with any legal changes.

All staff/ volunteers/ Trustees and Governors will be made aware of this Safeguarding Policy and related relevant procedures as part of their induction and where appropriate their contract of employment.

All staff, volunteers, Trustees and Governors will be informed and have access to regular training as required to update their knowledge on safeguarding. This training will equip The Trustees and Governors with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place at MHS&C are effective and support the delivery of a robust whole school approach to safeguarding.

Moor House School & College will work in accordance with guidance and good practice from the Surrey Safeguarding Children Partnership or other placing authorities for students who are not Surrey residents.

Staff and Volunteer Responsibilities

Any new member of staff or volunteer with direct contact with young people will be taken through this safeguarding policy as part of the induction process and offered training soon after commencing their post.

All staff and volunteers to participate in timely and relevant training.

All staff have a duty to ensure that any suspected incident, allegation or other manifestation relating to child protection is reported using the procedures detailed below in this policy.

All staff must report any low level concerns (any actions where a staff member is in doubt or uncertain regarding the staff actions) about the behaviour of a member of staff or other adult in the School or College setting to the Head Teacher and follow the allegations procedures if the disclosure is an allegation against a member of staff;

If in any doubt about what action to take, employees must seek advice from one of the named Safeguarding Leads or in their absence, Chair of the Governing Body.

Please note that the roles and responsibilities of identified parties are contained in Appendix 1 for ease of reference.

SAFEGUARDING INFORMATION

Definitions of harm

For the purpose of this policy, Moor House has defined harm as:

- Neglect - the persistent failure to meet the basic physical and physiological needs of the young person that results in serious impairment of their health and development, including the failure to provide adequate food, clothing, shelter and failure to respond to basic emotional needs, such as being cared for when sick.

- Abandonment - leaving a child alone and unattended in circumstances that are inappropriate for their age and/ or level of ability.
- Emotional abuse – persistent, emotional ill treatment that has a severe adverse effect on the emotional development of children and young people. It may involve conveying to them that they are not wanted, not loved or worthless. It may involve inappropriate expectations (such as taking on the responsibility of an adult within the family) being placed on the young person leaving them frightened and unable to cope. It may also involve the threatening, exploitation or corruption of children and young people.
- Physical abuse – hitting, kicking, shaking, slapping, and throwing, scalding, burning, poisoning, drowning, suffocating, or other action intended to cause physical harm or ill health to the child or young person. Physical harm may also be caused when a parent or carer covers up the symptoms of, or deliberately causes ill health to a child or young person within their care.
- Racial abuse – any type of verbal or physical abuse that is directed at an individual or group because of their racial or ethnic background.
- Witnessing ill treatment, including domestic abuse of another person- this may impact the health or development of a child or young person.
- Sexual abuse or sexual exploitation - forcing or enticing a child or young person to participate in sexual activities, whether or not the child or young person is aware or has knowledge of what is happening. It includes child prostitution, encouraging children or young people to watch or participate in the production of pornographic material, online grooming, encouraging children and young people to behave in sexual inappropriate ways. Sexual acts include penetrative (rape or buggery) and non-penetrative acts such as touching or stroking.

The Sexual Offences Act 2003 defines ‘consent’ as *‘if he agrees by choice and has the capacity to make that choice’*. The Act, removes the element of consent for many sexual offences for:

- Children/young people under 16 (including under 13).
- Children/ young people under 18 having sexual relations with a person of trust (for example: teachers, youth workers, foster carers, police officers).
- Children / young people under 18 involved with family members over 18.
- Persons with a mental disorder impeding choice or who are induced, threatened or deceived.
- Persons with a mental disorder who have sexual relations with care workers.

In relation to young people under the age of 13, consent is irrelevant. The law says ‘a child under the age of 13 does not, under any circumstances, have the legal capacity to consent to any form of sexual activity’.

The Police must be informed immediately of any sexual activity involving a child under 13 years of age.

General safeguarding advice

- Remember not to be a young people’s friend, always maintain a professional manner when working with them.
- Do not accept a young person as a friend on any social networking site that you use. This also applies to all students who have left Moor House as long as they remain under 18. Moor House School & College’s expectation of Professional Boundaries should be maintained, even if a student has left MHS&C, and the student is under age,
- Always keep a record of any text or email exchanges with a young person (staff and volunteers will use work telephones where available).
- Always be aware that your comments or actions may be perceived differently than intended, so be sensitive to the situation.

- Do not meet a young person alone, this is for the safety and well-being of the young person but also yourself. Where this is necessary, try to use public spaces for one-to-one meetings if you are not meeting in a Moor House school & College office or premises.
- Avoid detailed discussions about your personal experiences e.g. drugs, alcohol, sex.
- Never speak to the press about a child or young person

REPORTING PROCEDURES

In all cases it is vital to take every action which is needed to safeguard the child, children and young person(s).

Immediate action may be necessary in the following situations;

- If emergency medical attention is required, phone the emergency services or take the child/ young person to the nearest Accident and Emergency department.
- If the child or young person is in immediate danger the police should be contacted by calling 999

Any suspicion, allegation or disclosure of abuse or harm must be reported immediately or as soon as practicably possible on the day of the occurrence to the Designated Safeguarding Lead/ Deputy Designated Safeguarding Lead.

- Disclosure or evidence for concern may occur in a number of ways including a comment made by a child, physical evidence such as bruising, a change in behaviour or inappropriate behaviour or knowledge.
- The person reporting the concern must record it, using the appropriate Reporting Form/ CPOMS system. The assigned Safeguarding Lead is responsible for ensuring that a copy of the Incident Report or Request for Support referral form is available to the Designated Safeguarding Lead and where a referral to the C-SPA / MASH is required that it is made to Surrey Children's Services, C-SPA, details below or to the relevant safeguarding partnership if the concern relates to a child who is not a Surrey resident and the incident did not occur in Surrey. This form / CPOMS concern must be kept strictly confidential and stored securely.
- It is the responsibility of the Safeguarding Lead (DSL / DDSL) or in their absence the Headteacher to deal with safeguarding matters. If further referral is necessary, it will either be through Surrey Safeguarding Children Partnership/ Surrey Children's services or the Police.

The Safeguarding Lead (DSL / DDSL), will be responsible for informing the person who reported the disclosure of any action taken and any outcome if this is appropriate.

It is also the responsibility of the Designated Safeguarding Lead / Deputy Designated Safeguarding Lead to ensure any partner agencies involved with the young person are made aware of the disclosure and the action taken where relevant and where information sharing guidance permits this.

It is important to remember that often only when information held by a number of workers is put together, that a picture of child abuse emerges. All staff and volunteers must adhere to the information sharing protocol published by HM Government, adopted by the Children's Trust and endorsed by SSCP. Details can be found here; [Information sharing: advice for practitioners \(publishing.service.gov.uk\)](https://publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/616222/Information-sharing-advice-for-practitioners.pdf). In addition to this, whilst respecting cultural differences, the basic requirements for children is that they are kept safe across social, ethnic and cultural boundaries.

Reacting to a disclosure

All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected and/or may not recognise their experiences as harmful. Children may feel embarrassed, humiliated or are being threatened. This may be due to their vulnerability, disability and or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and reporting any concerns they have to the designated DSL or DDSL's at Moor House School & College.

- Listen carefully rather than asking leading questions.
- Never *promise* any particular action or NOT to disclose any information shared.
- Allow silence and/or allow child, young person to be upset.
- Try to relate to the age, understanding or special needs of the child or young person.
- Write down carefully the information you have been given as soon as possible, preferably within 24 hours and only including what you have been told.
- Discuss this as soon as possible with the safeguarding lead.
- Any decision not to tell the parents must be discussed with the safeguarding lead **unless the child or young person is in immediate danger.**

Parents/ carers

It is good practice to be as open and honest as possible with parents/carers about any concerns. However, you must not discuss your concerns with parent's/ carer's in the following circumstances:

- Where sexual abuse or exploitation is suspected.
- Where organised or multiple abuse is suspected.
- Where fabricated or induced illness is suspected.
- Where female genital mutilation is a concern.
- In cases of forced marriage.
- Where contacting parents / carers would place a child / young person or others at immediate risk.

Child Protection Procedures

The following procedures apply to all staff and volunteers working in the school and will be covered by training to enable staff and volunteers to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff and volunteers to take appropriate action when they are concerned that a child or young person is being harmed or abused or is at risk of harm or abuse.

The prime concern at all stages must be the interests and safety of the child or young person. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff and volunteers should be aware that very young children and those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally staff and volunteers should question the cause of knocks and bumps in children who have limited mobility.

Responding to a disclosure

If the child or young person is in immediate danger or requires immediate medical attention, contact;

- If emergency medical attention is required, phone the emergency services or take the child/ young person to the nearest Accident and Emergency department.
- If the child or young person is in immediate danger the police should be contacted by calling 999

If a member of staff or volunteer suspects abuse, spots signs or indicators of abuse, or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information related to the concern.
2. Report it to the DSL or DDSL immediately.
3. The DSL or DDSL will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if the DSL or DDSL is not immediately available.
4. Make an accurate record (which may be used in any subsequent court proceedings) as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:

Dates and times of their observations

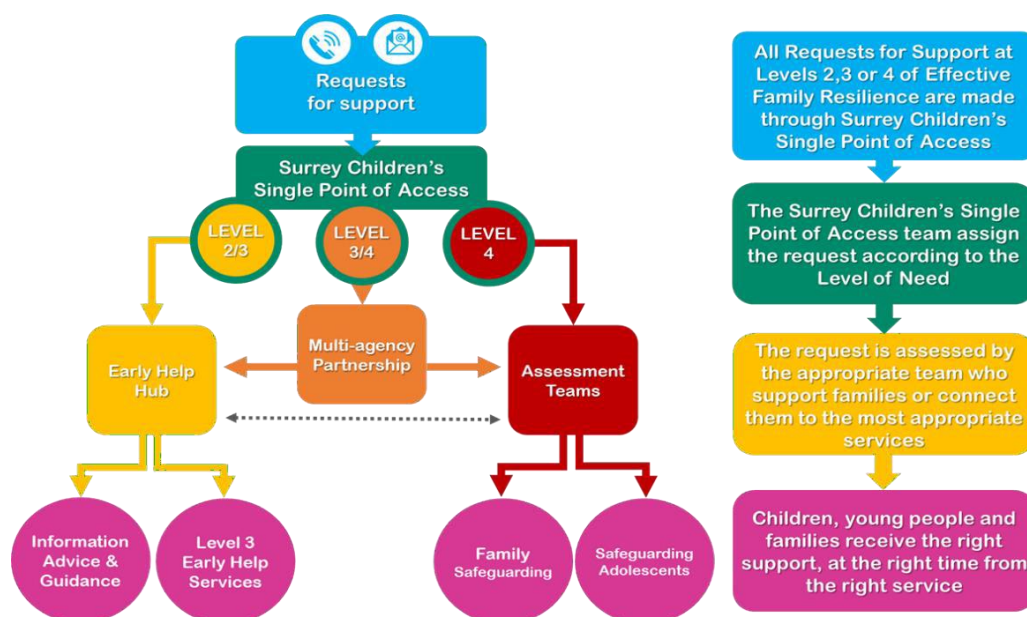

Dates and times of any discussions in which they were involved. Any injuries

Explanations given by the child / adult Rationale for decision making and action taken Any actual words or phrases used by the child

5. The records must be signed and dated by the author or / equivalent on electronic based records.
6. In the absence of the DSL or their Deputy, staff and volunteers must be prepared to refer directly to C-SPA (and the police if appropriate) if there is the potential for immediate significant harm

Following a report of concerns the DSL or DDSL must:

1. [Using the SSCP Levels of Need](#), decide whether or not there are sufficient grounds for suspecting significant harm, in which case a referral must be made to the C-SPA and the police if it is appropriate.

2. Normally the school should try to discuss any concerns about a child or young person's welfare with the family and where possible seek their agreement before making a referral to the C-SPA. However, this should only be done when it will not place the child or young person at increased risk or could impact on a police investigation. The child's views should also be taken into account.

If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm or abuse the DSL must contact the C-SPA. By sending a [Request for Support Form](#) by secure email to: cspa@surreycc.gov.uk or contact the C-SPA consultation line on 0300 470 9100 to discuss the concerns. If a child is in immediate danger and urgent protective action is required, the Police (dial 999) must be called. The DSL must also notify the C-SPA of the occurrence and what action has been taken.

- 3 If the DSL/DDSL feels unsure about whether a referral is necessary they can phone the C-SPA to discuss concerns
- 4 If there is not a risk of significant harm, the DSL/ DDSL will either actively monitor the situation or consider the Early Help.
- 5 Where there are doubts or reservations about involving the child's family, the DSL/ DDSL should clarify with the C-SPA or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation.
- 6 When a student is in need of urgent medical attention and there is suspicion of abuse the DSL or their Deputy should take the child to the accident and emergency unit at the nearest hospital, having first notified the C-SPA. The DSL/ DDSL should seek advice about what action the C-SPA will take and about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention.
- 7 The exception to this process will be in those cases of known FGM where there is a mandatory requirement for any member of staff or volunteers working directly with children to report directly to the police. The DSL should also be made aware.

Helpful contacts

- **Children's Single Point of Access (C-SPA)**, a front door to Surrey County Council services for children, provides residents and people who work with children in Surrey with direct information, advice and guidance about where and how to find the appropriate support for children and families. C-SPA is available **9am-5pm, Monday – Friday**
Phone: 0300 470 9100
Email: cspa@surreycc.gov.uk
OR
- **Emergency Duty Team (EDT)**, provides an emergency social care service for urgent situations which are out of normal office hours. If your call is not answered, please do leave a message and your contact details for someone to get back to you.
EDT is available **5pm-9am, Monday – Friday, Weekends 24 hours a day.**
Phone: 01483 517898
Email: edt.ssd@surreycc.gov.uk

- The LADO Service manages allegations against individuals who work or volunteer with children in Surrey. If you have a concern regarding someone who works with children, please contact the LADO on 0300 123 1650
Email: LADO@surreycc.gov.uk
- NSPCC Helpline 0808 800 5000

Finding a Solution Together (FaST Process)

Effective working together depends upon an open approach and honest relationships between agencies and a belief in genuine partnership working. Any disputes about the safety and well-being of a child should be resolved in a timely way with all agencies working together in the best interests of the child so that the welfare of the child remains paramount.

The Partners recognise that complexity of need and range of intervention/support will not always fit into a simple formula that leads to *'the right solution'*. Often there may be no right or wrong answer and quite legitimately practitioners may exercise their professional judgement differently. It is also the case that exceptionally, the needs of some young people and families may not easily fit within a conventional application of thresholds. The purpose of the SSCP Finding a Solution Together (FaST process) is to create a transparent process that enables multi-agency practitioners to exercise their professional judgement and provide the best possible service in a timely and safe way.

It is of vital importance that children, young people and their families do not become entangled in professional disagreements. Neither should disputes detract from the focus on the child, delay effective decision making, nor lead to protracted disputes that negatively impact upon the child and/or family and on inter-agency relationships and working practice. In reaching resolution, it is essential that at all times disputes are approached in a considerate manner and one which both respects and seeks to understand the views and concerns of others from their experience and perspective when engaging with the young person/family.

Disagreements should be resolved through child centered discussion between agencies. This escalation policy outlines the process to be followed when professionals are unable to agree about what is in the best interests of the child. The detailed policy can be accessed here: _

<https://surreyscb.procedures.org.uk/skyqox/complaints-and-disagreements/the-surrey-fast-resolution-process/#s4863>

ALLEGATIONS MADE AGAINST STAFF AND VOLUNTEERS

When any form of complaint is made against an employee or volunteer, it must be taken seriously. The complaint should initially be dealt with by the Headteacher or in their absence the Head of Care and Safeguarding, or in the absence of both of these people, the most senior staff member on site at the time the complaint is made. If the complaint is against the most senior member of staff on site, then the Chair of Trustees must be informed. If the complaint is against the Principal it must be reported to the Chair of Governors through the Bursar and Business Manager. Complaints against Governors should be reported directly to the Surrey LADO (0300 123 1650 option 3) by the member of staff.

The senior staff member must report the complaint immediately to the Headteacher giving details of the circumstances. The Headteacher or Designated Safeguarding Lead will contact the Local Authority Designated Officer. Further information can be found here: [3.2 Managing allegations against people that work or volunteer with children | Surrey Safeguarding Children Partnership \(procedures.org.uk\)](#). They will

attend the site of the allegation to gain an initial account of what has occurred from all relevant parties, including the person against whom the allegation has been made. If this is not possible, contact will be made by telephone. Moor House School & College], will have the right to suspend from duty and/or the premises, any person who is a party to the allegation until a full investigation has been made.

This action does not imply in any way that the person suspended is responsible or is to blame for any action leading up to the complaint. The purpose of any such suspension is to enable a full and proper investigation to be carried out in a professional manner.

It is the responsibility of the Headteacher/ Designated Safeguarding Lead/ the Chair of Governing board to make the decision as to whether to inform Social Services and/or the Police Child Protection Unit, depending on the nature of the allegation. In matters of allegations against staff or volunteers working in child protection, information must be provided to the local designated officer.

CONFIDENTIALITY AND WHISTLE BLOWING

- Moor House operates a confidentiality policy. However, under no circumstances will information be kept confidential that raises concern about the safety and welfare of a child or young person.
- Any staff or volunteers with concerns about anybody providing services to children and young people should report this to the Headteacher, or Chair of Trustees if the concern is about the Headteacher or directly to the LADO if the concern relates to a Trustee or Governor. They will be fully supported throughout the process.
- All staff and volunteers must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children and young people in accordance with the Information Sharing Policy published by HM Government, adopted by the Children's Trust and endorsed by SSCP. The Data Protection Act 1998 and General Data Protection Regulations are not a barrier to sharing information where a failure to do so would place a child at risk of harm
- All staff and volunteers must be aware that they cannot promise a child that they will keep secrets/ not disclose potentially harmful information.

SAFER RECRUITMENT POLICY STATEMENT

Moor House will apply the Working Together to Safeguard Children 2018 and SSCP Guidelines using the framework for safer recruitment and employment practice.

This will apply to all staff and volunteers undertaking activities with children and young people including teaching, training or instruction, care or supervision, providing guidance or treatment, fostering and childcare. It could also include specific positions such as school governor, Director of children's social services, and any work carried out in a limited range of specific settings such as schools where children should always be able to build relationships of trust with the people working with them.

The purpose of safer recruitment is to ensure:

1. Applicants who may wish to harm adults at risk, children or young people are deterred from applying for jobs or volunteering opportunities.
2. Any unsuitable applicants are rejected by scrutinising applications and exploring potential areas for concern at interview
3. Unsuitable appointments are not made by having at least one member of the interview panel trained in safer recruitment; carrying out all relevant pre-employment checks* and ensuring all new staff and volunteers are given an appropriate induction.

4. To identify and manage any identified risks.
5. Maintain a safe and vigilant culture.

Multi-agency training on safer recruitment is available through the Surrey Children's Services Academy:
[Surrey Children's Services Academy \(SCSA\) - Surrey County Council \(surreycc.gov.uk\)](https://www.surreycc.gov.uk/surrey-childrens-services-academy)

***Disclosure and Barring Service (DBS) Checks**

All new staff and volunteers are to have a DBS check before commencing employment. Any failure to disclose convictions may result in disciplinary action or dismissal. Any positive disclosures will be discussed with the Principal and SMT lead. All this information will be kept on the personnel file. The DBS number and date of processing will be held on a secure database.

A risk assessment will be completed if there is a positive DBS check sent back.

In addition, as part of the shortlisting process we will carry out an online search as part of our due diligence on shortlisted candidates.

DEFINITION OF DSL AND GOVERNOR RESPONSIBILITIES

The Designated Safeguarding Lead:

In addition to the role and responsibilities of all staff the DSL will:

- hold the lead responsibility for safeguarding and child protection (including online safety) in the school, this responsibility is not able to be delegated;
- have an “it could happen here” approach to safeguarding;
- liaise with the local authority and work in partnership with other agencies in line with Working Together to Safeguard Children;
- manage and submit a referral for a child if there are concerns about suspected harm or abuse, to the Children’s Single Point of Access (C-SPA), and act as a point of contact and support for school staff. Referrals must be made safely and securely by email to cspa@surreycc.gov.uk using the Request for [Request for Support Form](#) urgent referrals must be made by telephone 0300 470 9100 (and ask for the priority line). At Moor House, this may also be done by Deputy DSLs;
- Report concerns that a student may be at risk of radicalisation or involvement in terrorism, following the [Prevent referral process](#) and use the Prevent referral form to refer cases by e-mail to preventreferrals@surrey.pnn.police.uk. If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or 01483 632982 and ask to speak to the Prevent Supervisor for Surrey.
- The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).
- refer cases to the Channel programme where there is a radicalisation concern via the C- SPA and act as a point of contact and support for staff to discuss concerns. At Moor House, this may also be done by Deputy DSLs;
- refer cases where a crime may have been committed to the Police as required. At Moor House, this may also be done by Deputy DSLs;
- liaise with the “case manager” and Local Authority “Designated Officer” for child protection concerns in cases which concern a member of staff or a volunteer; and refer cases where a person is dismissed or left service due to risk/harm to a child to the Disclosure and Barring Service and Teaching Regulation Agency, as required;
- follow DfE and KCSIE guidance ‘Peer on Peer/Child on Child Abuse’ when a concern is raised that there is an allegation of a pupil abusing another pupil within the school or college [Keeping children safe in education 2022 \(part one only\) \(publishing.service.gov.uk\)](#)
- be available during term time (during school hours) for staff in school to discuss any safeguarding concerns. Appropriate and adequate cover arrangements will be arranged by the DSL and the school leadership for any out of hours/term activities;
- act as a source of support and expertise in carrying out safeguarding duties for the whole school community;

- encourage and promote a culture of listening to children and vulnerable adults/ adults at risk and taking account of their wishes and feelings, amongst all staff;
- access training and support to ensure they have the knowledge and skills required to carry out the role. DSL training must be updated at least every two years and their knowledge and skills refreshed at regular intervals but at least annually;
- have a secure working knowledge of SSCP procedures and understands the assessment process for providing early help and statutory intervention, including the local authority levels of need criteria and referral arrangements;
- have a clear understanding of access and referral to the local Early Help offer and will support and advise members of staff where early help intervention is appropriate;
- understand and support the school delivery with regards to the requirements of the Prevent duty and provide advice and guidance to staff on protecting children and young people from radicalisation;
- liaise with school and college staff (especially pastoral support, curriculum or therapy leads and school health colleagues) on matters of safety and safeguarding and consult the SSCP Levels of Need document to inform decision making and liaison with relevant agencies;
- be alert to the specific needs of children in need, those with SEND and young carers;
- understand the risks associated with online activity and be confident that they have the up to date knowledge and capability to keep children safe whilst they are online at school; in particular understand the additional risks that children with SEND face online and the associated and appropriate support they require;
- keep detailed, accurate records (either written or using appropriate secure online software), that include all concerns about a child even if there is no need to make an immediate referral and the rationale for decisions made and action taken;
- ensure that an indication of the existence of the additional child protection file is marked on the student school file record;
- ensure that when a student transfers school, their child protection file is passed to the new school as soon as possible, and within statutory timescales (separately from the main pupil file and ensuring secure transit) and that confirmation of receipt is received;
- ensure that where a student transfers school (including in-year) and is on a child protection plan or is a child looked after, their information is passed to the new school immediately and that the child's social worker is informed. In addition, consideration must be given to a multi-agency schools transition meeting if the case is complex or on-going;
- ensure that a copy of the Child Protection file is retained until such time that the new school acknowledges receipt of the original file. The copy should then be securely destroyed;
- ensure that all appropriate staff members have a working knowledge and understanding of their role in case conferences, core groups and other multi-agency planning meetings, to ensure that they attend and are able to contribute effectively when required to do so; where a report is required, this should be shared with the parents prior to the meeting;

- report to the Headteacher any significant issues for example, use of the [SSCP multi-agency escalation procedures](#) , enquiries under section 47 of the Children Act 1989 and police investigations;
- ensure that the case holding Social Worker is informed of any child currently with a child protection plan who is absent without explanation;
- ensure that all staff sign to say they have read, understood and agree to work within the Moor House Child Protection and Safeguarding Policy, Staff Code of Conduct and Keeping Children Safe in Education (KCSIE) Part 1 and annex A and ensure that the policies are used effectively;
- organise child protection and safeguarding induction, regularly updated training and a minimum of annual updates (including online safety) for all school staff, keep a record of attendance and address any absences;
- ensure that in collaboration with the school leadership and governors, the Child Protection and Safeguarding policy is reviewed annually and the procedures and implementation are updated and reviewed regularly;
- ensure that the Child Protection and Safeguarding Policy is available publicly and that parents are aware that referrals about suspected harm and abuse will be made and the role of the school in this;
- establish and maintain links with the three safeguarding partners to make sure staff are aware of training opportunities and the latest policies on local safeguarding arrangements;
- contribute to and provide, with the Headteacher and Chair of Governors, the “Audit of Statutory Duties and Associated Responsibilities” to be submitted to the Surrey County Council, Education Safeguarding Team.
- ensure that the name of the designated members of staff for Child Protection, the Designated Safeguarding Lead and deputies, are clearly advertised in the school, with a statement explaining the school’s role in referring and monitoring cases of suspected abuse;
- meet all other responsibilities as set out for DSLs and in Keeping Children Safe in Education 2022

The Deputy Designated Safeguarding Lead(s):

In addition to the role and responsibilities of all staff the Deputy DSL will:

- be trained to the same standard as the Designated Safeguarding Lead and the role is explicit in their job description;
- provide support and capacity to the DSL in carrying out delegated activities of the DSL; however, the lead responsibility of the DSL cannot be delegated;
- in the absence of the DSL, carries out the activities necessary to ensure the ongoing safety and protection of children and vulnerable adults/ adults at risk. In the event of the long-term absence of the DSL an identified deputy will assume all of the functions above;

All members of The Governing Body understand and fulfil their responsibilities Please refer to Appendix 1 for a full list of Governors responsibilities.

- Moor House has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Code of Conduct, Behaviour Policies for School & College and a response to children who go missing from education. Ensure policies are consistent with Surrey Safeguarding Children's Board (SSCP) and statutory requirements, are reviewed annually and that the Child Protection and Safeguarding policy is available on the school website;
- Moor House operates a safer recruitment procedure that includes statutory checks on staff and volunteers suitability to work with children and disqualification by association regulations and by ensuring that there is at least one person on every recruitment panel who has completed safer recruitment training, if there is not a panel conducting interviews then the individual will have completed the safer recruitment training;
- at least one member of the governing body has completed safer recruitment training to be repeated every five years;
- staff and volunteers have been trained appropriately and this is updated in line with guidance and all staff and volunteers have read Keeping Children Safe in Education (2021) part 1 and Annex A and that mechanisms are in place to assist staff and volunteers in understanding and discharging their roles and responsibilities as set out in the guidance;
- all staff and volunteers including temporary staff and volunteers are provided with the Moor House Safeguarding and Child Protection Policy and staff Code of Conduct;
- Moor House has procedures for dealing with allegations of abuse against staff and volunteers (including the Headteacher), volunteers and against other children and that a referral is made to the DBS and/or the Teaching Regulation Agency (as applicable) if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have been, had they not resigned;
- the nominated governors for safeguarding are identified;
- a member of the senior management team has been appointed by the Governing Body as the Designated Safeguarding Lead (DSL) who will take lead responsibility for safeguarding and child protection and that the role is explicit in the role holder's job description;
- on appointment, the DSL and deputy(s) undertake interagency training (SSCP Foundation Modules 1&2) and also undertake DSL 'New to Role' and 'Update' training every two years;
- children and vulnerable adults/adults at risk are taught about safeguarding (including online safety) as part of a broad and balanced curriculum covering relevant issues through personal, social, health and economic education (PSHE) and relationship and sex education (RSE).
- Governors, Trustees and the SMT will ensure application filters and monitoring systems are in place to safeguard children online.
- Moor House will comply with DfE and Surrey County Council [Children Missing Education](#) requirements;

- That the school and college will comply with regular data returns requested by the Local Authority, regarding all students, of statutory school age, attending alternative provision and/or on a reduced or modified timetable
- Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. The Governing Body will ensure they have clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.
- enhanced DBS checks (without barred list checks, unless the governor is also a volunteer at the school) are in place for all Governors;
- any weaknesses in Safeguarding are remedied as soon as possible

Child Protection Expression of Concern Form

Please complete this form if you have any concern about a child or young person.

This form must be filled in **immediately** after the incident/observation/ disclosure and **handed personally** to either the Barbara Martin DSL or any of the DDSLs : Deputy Head Teacher – Madeleine Van Niekerk, Deputy Head Teacher– Stephanie Williams, Deputy Head Teacher – **Naomi Bradley** , Deputy Head of Care – Danny Carroll, Health Care Manager - Susie Simpson or Residential Care Operations Manager, Darren Heine
Concerns must not be left until the following day.

Safeguarding Children and Young People

Safer Working Practice Agreement

Moor House School & College is committed to safeguarding and promoting the welfare and well-being of children and young people and expects all staff, volunteers and regular visitors to share this commitment.

It is everyone's responsibility to ensure that students are cared for appropriately and safeguarded from any harm; and their duty of care to promote the health, safety and welfare of all members of the school community.

This Safer Working Practice Agreement gives a code of conduct needed to ensure that all employees and students can work within and enjoy being part of a safe and caring environment.

It is acknowledged that the vast majority of employees behave appropriately whilst working with our students. Whilst it is recognised that the individual members of an organisation may hold differing values and opinions, adults working in a school are in a position of trust and their conduct is, therefore, governed by specific laws and guidance and the policies and procedures agreed by the Principal and Governing Body.

Staff occasionally express uncertainty as to what is and is not acceptable and seek guidance regarding those behaviours which, whilst most probably innocent, may be perceived by others as inappropriate*.

The following is, therefore, a code of appropriate conduct for all adults working in or on behalf of the school, including those involved in home visits or any out of school activities. Adherence to this code should ensure that both children and adults are safe from misconduct or unfounded allegations of misconduct.

You should always:

- adhere to all school policies, many of which are specifically written with safeguarding in mind. For example: Child Protection and Safeguarding, Behaviour, Positive Handling, Anti-Bullying, Equal Opportunity and Diversity, Health and Safety;
- abide by the Staff Code of Conduct;
- behave in a mature, respectful, safe, fair and considered manner at all times and provide a good example and 'positive role model' to the students;
- observe other people's right to confidentiality (Unless you need to report something to the Principal, DSL or DDSL e.g. concerns about a child protection issue);
- treat all children and young people equally; never build 'special relationships' with individual children or confer favour on particular children or young people. This includes, for those members of staff working at partner colleges, non MHS&C students that they may come into contact with there.

Report to **the Principal, or in her absence, the Head of Safeguarding and Care (or in the case of an allegation concerning the Principal, the Chair of Governors- via the Bursar and Business Manager)** as soon as possible:

- any behaviour or situation which may give rise to complaint, misunderstanding or misinterpretation.
- any difficulties that you are experiencing, for example, coping with an unruly child or young person; situations where you anticipate that you may not be sufficiently qualified, trained or experienced to deal with or handle appropriately.
- any behaviours of another person working in the school or college which give you cause for concern or breach of this or the staff Code of Conduct or other school policies and procedures
- any incident prior to and following the commencement of employment that may give rise to a fixed penalty notice (not a parking fine), caution or a conviction.

You should never:

- behave in a manner that could lead a reasonable person to question your conduct, intentions or suitability to care for other people's children;
- touch children or young people in a manner which is or may be considered sexual, threatening, gratuitous or intimidating;
- discriminate either favourably or unfavourably towards any child or young person;
- make arrangements to contact, communicate or meet children or young people outside of work. Meet/communicate includes email, text, chat rooms or social networks such as Facebook. Other than via school owned accounts for school purposes. This includes, for those members of staff working at partner colleges, non MHS&C students that they may come into contact with there.
- develop 'personal' or sexual relationships with children or young people;
- push, hit, kick, punch, slap, throw missiles at or smack a child or young person or threaten to do so unless your own personal safety is threatened;
- make inappropriate remarks or jokes of a personal, sexual, racial, discriminatory, intimidating or otherwise offensive nature either verbally or in writing;
- intentionally embarrass or humiliate children or young people, for example, by using sarcasm or humour in an inappropriate way;
- give or receive (other than 'token') gifts unless arranged through your line manager / Principal, for example, outgrown sports kit, football boots or uniform;
- invite students to your own home or, in the case of residential staff or those resident on site, your own residential area;
- allow, encourage or condone children to act in an illegal, improper or unsafe manner e.g. smoking or drinking alcohol;
- behave in an illegal or unsafe manner, for example, exceeding the speed limit, being under the influence of drugs or alcohol, driving a vehicle which is known to be un-roadworthy or otherwise unsafe or not having appropriate insurance, using a mobile phone whilst driving, fail to use seatbelts and drive in a safe manner at all times whilst transporting children or young people;
- staff must not consume or be under the influence of alcohol, illicit drugs or other illegal substances on or near school premises whilst on duty;
- undertake any work with children when you are not in a fit and proper physical or emotional state to do so, for example, under the influence of alcohol or medication which induces drowsiness; with a medical condition which dictates that you should not be caring for children or young people; under extreme stress which is likely to impair your judgment.

I have read the current Moor House Policy on **Child Protection and Safeguarding** Policy and the **Staff Code of Conduct** and agree to abide by the Safer Working Practice guidance contained therein. I have read and understood "Keeping Children Safe in Education" Part 1 & Annex A (September 2022).

Signed

Date

The Principal and Governors of Moor House School & College thank you for your support of the arrangements made for the safety and care of young people and adults in our school community.

Moor House School & College fully recognises the responsibilities it has under The Care Act 2014 and applies the six principles of the act when responding to safeguarding concerns involving students aged 18 or over. Also, the Mental Capacity Act (2005) requires there to be arrangements in place to safeguard adults at risk. This includes adults with physical, sensory, and mental impairments and learning disabilities, however those impairments have arisen, such as whether present from birth or due to advancing age, chronic illness or injury. This appendix is to be read in conjunction with the Moor House School & College Child Protection and Safeguarding Policy and Procedures. Arrangements for safeguarding students aged 18 or over at Moor House are substantively covered in the main policy. This appendix sets any differences and additions that may apply.

Legal and Statutory Framework

- Safeguarding Vulnerable Groups Act 2006
- Deprivation of Liberty Safeguards
- Liberty Protection Safeguards
- Mental Capacity (Amendment) Act 2019
- Care Act 2014
- Mental Capacity Act 2005
- Care & Support Statutory Guidance (Updated 2018)
- Surrey Safeguarding Adults Board Adult Safeguarding Policy and Procedures

Guidance and documents referred to in this appendix:

- The Care Act (2014)
- The Care and Support Statutory Guidance
- Surrey Safeguarding Adults Board – Adult Safeguarding Policy and Procedures
- The Mental Capacity Act (2005)

Moor House School & College Procedure for Reportable Medication Errors

Principles of the Care Act 2014

The Care Act 2014 encourages caregivers to take a person-centred approach when safeguarding vulnerable adults. When you follow the principles, you too place the vulnerable person's wellbeing and needs at the forefront of safeguarding processes. They help you directly involve the vulnerable person and any nominated people who can help reach decisions in the vulnerable adult's best interest when managing safeguarding concerns.

The six principles of the Care Act are:

Empowerment - Students being supported and encouraged to make their own decisions and informed consent.

Prevention -It is better to act before harm occurs.

Proportionality – Proportionate and least intrusive response appropriate to the risk presented.

Protection -Support and representation for those in greatest need.

Partnership -Local solutions through services working with their communities. Communities have a part to play in preventing, detecting, and reporting neglect and abuse.

Accountability -Accountability and transparency in delivering safeguarding.

Key Personnel and Terminology.

These remain the same as those identified on page 3 of the policy. The Designated Safeguarding Lead (DSL) is also the Designated Safeguarding Lead for Adults (**DSAL**). In adult safeguarding the term 'Alerting Manager' is often used, i.e. the person to whom staff report concerns. At Moor House this function is fulfilled by the DSL and the Deputy DSL's.

Policy Aims and Objectives:

Moor House School & College will not tolerate the abuse of adults with care and support needs. It is committed to promoting wellbeing, preventing harm and responding effectively if concerns are raised. MHS&C is committed to the aims of adult safeguarding

- prevent harm and reduce the risk of abuse or neglect to adults with care and support needs
- stop abuse or neglect wherever possible
- safeguard adults in a way that supports them in making choices and having control about how they want to live.
- promote an approach that concentrates on improving life for the adults concerned identifying and responding to abuse and neglect

- provide information and support in accessible ways to help people understand the different types of abuse, how to stay safe and what to do to raise a concern about the safety or well-being of an adult
- address what has caused the abuse or neglect

To contribute to meeting these aims, we will

- Manage our services in a way which minimises the risk of abuse occurring
- Work with adults with care and support needs and other agencies to end any abuse that is taking place

To achieve these aims we will

- Ensure that all managers, employees and volunteers have access to and are familiar with this safeguarding adult policy and procedure and their responsibilities within it
- Ensure concerns or allegations of abuse are always taken seriously
- Ensure the Mental Capacity Act is used to make decisions on behalf of those adults at risk who are unable to make particular decisions for themselves.
- Ensure all staff receive training in relation safeguarding adults at a level relevant to their role.
- Ensure that people using our services, and where relevant their relatives and their friends, have access to information about how to report concerns or allegations of abuse.
- Ensure there is a named lead person to promote adult safeguarding awareness and practice within the organisation

Policy Principles and Values:

The fundamental principles and values identified in the policy remain the same. In addition, staff will adhere to the statutory guidance for safeguarding adults at risk and will apply the principles of 'making safeguarding personal' when responding to concerns raised about a student over the age of 18.

Supporting adults at risk

Who does adult safeguarding apply to?

The definition of adults that adult safeguarding processes may apply to is set out in section 42 of the Care Act 2014. They are people who:

- are aged 18 years or more, and
- have needs for care and support (whether or not these are currently being met),
- are experiencing, or are at risk of, abuse or neglect, and
- as a result of those needs are unable to protect themselves against the abuse or neglect or the risk of it.

This includes adults with physical, sensory and mental impairments and learning disabilities, however those impairments have arisen, such as whether present from birth or due to advancing age, chronic illness or injury. Also included are people with a mental illness, or other memory impairments, and people who misuse substances or alcohol. In this policy and procedure the term “adult” means people coming within this definition.

Prevention/Protection

The measures outlined in the policy refer to the work that will also be done to support adults at risk.

Safe School and College, Safe Staff

The measures outlined in the policy refer to the work that will also be done to support adults at risk.

Roles and Responsibilities

The Headteacher

In addition to those outlined in the policy, the headteacher will also ensure that Moor House will contribute to inter-agency working in accordance with the relevant statutory guidance that applies to adults at risk. The headteacher will also ensure that allegations or concerns against staff who work with adults are also dealt with in accordance with the relevant statutory guidance and local procedures.

The DSL/DSAL

In addition to those responsibilities outlined in the policy, the DSL will:

- Have a ‘making safeguarding personal’ approach with adults at risk
- Manage and submit referrals regarding adults at risk to the Surrey MASH. Referrals will be made safely and securely by email to: ascmash@surreycc.gov.uk or by completing the MASH Referral Form
- Have a secure working knowledge of SSAB procedures

All members of the Governing Body understand and fulfil their responsibilities to ensure that:

In addition to those outlined measures outlined in the policy, The Governing Body will ensure that policies are also consistent with Surrey Adult Safeguarding Board (SSAB) procedures and statutory requirements.

Confidentiality and Sharing information

Data protection Act 2018

Provides lawful grounds for the processing of special category personal data – without consent if the circumstances justify it – where it is in the *substantial public interest*, and necessary for the purpose of:

- (i) protecting an individual from neglect or physical, mental or emotional harm; or
- (ii) protecting the physical, mental or emotional well-being of an individual where that individual is a child or an adult at risk.

The amendment still expects the possibility of obtaining consent from an individual to be considered (and in these circumstances it would have to be explicit). However, if in the circumstances the consent cannot be given, or Moor House cannot reasonably be expected to obtain it – notably because obtaining it would prejudice the safeguarding purpose (i.e. the protection of the individual) – then the ground applies.

Information sharing - adults

If the adult at risk has the mental capacity to make informed decisions about their safety and they do not want any action to be taken, this does not preclude the sharing of information under safeguarding adults procedures with relevant professional colleagues.

If the adult with capacity does not want action to be taken but there is a public interest (such as a child or other adults also being at risk) Moor House recognises it has a duty to take action.

If an adult at risk lacks capacity to make informed decisions about maintaining their safety and does not want action to be taken, Moor House will fulfil its duty in line with statutory guidance to act in their best interests.

“A person with mental capacity may choose to live in a situation which is seen as unsafe by professionals They do not, however, have a right to make decisions about the protection of other people”.

Child Protection Procedures

Following a report of concerns the DSL or Alerting Manager will adhere to the local procedures set out below.

If there is an adult safeguarding concern, it should be referred to Surrey County Council's Adult Social Care Services via the Multi-Agency Safeguarding Hub (MASH). During office hours contact the Multi Agency Safeguarding Hub (MASH) by phone or email in the first instance, if these fail, contact can be made by fax. Tel: 0300 470 9100: Email: ascmash@surreycc.gov.uk: Fax number: 01483 519862

Out of hours: Call the Adult Social Care Emergency Duty Team on: 01483 517898

In an emergency: Dial 999 for the emergency services

Further Information about what happens next is explained in the Surrey Safeguarding Adults Board Adult Safeguarding Policy and Procedures.

Dealing with disclosures:

In dealing with disclosures Moor House will apply the principle 'of Making Safeguarding Personal'. "Making safeguarding personal means [adult safeguarding work] should be person-led and outcome focused. It engages the person in a conversation about how best to respond to their safeguarding situation in a way that enhances involvement, choice and control as well as improving quality of life, wellbeing and safety."

At MHS&C we will meet the aims of Making Safeguarding Personal by

- Keeping the person at the heart of the process
- Making efforts to understand the outcomes they want to achieve from the adults safeguarding work and support them to achieve those

Consideration will also be given to whether a student can make a decision about what they should do to protect themselves from the abuse or neglect, or the risk of these that they face. If there is a belief that they may not be able to, then an assessment of capacity and, if required, a best interest decision may be required in relation to this decision in line with the requirements of the Mental Capacity Act 2005.

Allegations against adults who work with students aged 18 or over

The procedure outlined in the policy also applies in all cases where the allegation refers to a student aged 18 or over. In addition to those measures set out in the policy, Moor House will work in accordance with SSAB procedures and Adult Social Care. Allegations against adults who work with students aged 18 or over must be reported to the Principal or in their absence the Head of Safeguarding and Residential Care.

What is an adult safeguarding enquiry?

Section 42 of the Care Act 2014 says that when the tests are met (an adult who is experiencing or at risk of abuse or neglect which they cannot protect themselves from because of their care and support needs) there must be an adult safeguarding enquiry. The objectives of an adult safeguarding enquiry are to

Establish facts

- Ascertain the adult's views and wishes.
- Assess the needs of the adult for protection, support, and redress and how they might be met
- Protect from the abuse and neglect, in accordance with the wishes of the adult
- Make decisions as to what follow-up action should be taken with regard to the person or organisation responsible for the abuse or neglect
- Enable the adult to achieve resolution and recovery The Care Act does not specify what an enquiry will consist of, nor does it create any powers for carrying out an adult safeguarding enquiry

An adult safeguarding enquiry is simply the collection of whatever actions using existing powers, duties and processes is needed to meet the purposes. The benefit of putting the matter in to an adult safeguarding framework is

- To ensure there is proper recognition of the abuse and neglect issue
- To help the multi-agency response to the concern do the best at involving the right organisations and people, sharing information between them, having a shared understanding of the risks and how to respond to them, and to minimise duplication of effort
- To give a focus on ensuring the care and support needs of the person are taken account of

When considering whether to report an adult safeguarding concern to the police If a crime has been or may have been committed, the school will seek the student's consent. This will be in addition to raising a safeguarding concern with the local authority. If the person has mental capacity in relation to the decision and does not want a report made, this should be respected unless there are justifiable reasons to act contrary to their wishes, such as:

- the person is subject to coercion or undue influence, to the extent that they are unable to give consent, or
- there is an overriding public interest, such as where there is a risk to other people
- it is in the person's vital interests (to prevent serious harm or distress or in life threatening situations)

- Where there is an expectation on the school to report the matter arising from, for example, obligations to contribute to the prevention and detection of crime under the Crime and Disorder Act or where there is a statutory reporting requirement to do so

There should be clear reasons for overriding the wishes of a student with the mental capacity to decide for themselves. A judgement will be needed that takes into account the particular circumstances. If the student does not have mental capacity in relation to this decision, a 'best interests' decision will need to be made in line with the Mental Capacity Act.

What is abuse:

In addition to those categories of abuse set out in the policy, abuse can also be in the form of

Modern slavery

- Human trafficking
- Forced labour
- Domestic servitude
- Sexual exploitation, such as escort work, prostitution, and pornography
- Debt bondage – being forced to work to pay off debts that realistically they never will be able to

Neglect & acts of omission

- Failure to provide or allow access to food, shelter, clothing, heating, stimulation, and activity, personal or medical care
- Providing care in a way that the person dislikes
- Failure to administer medication as prescribed
- Refusal of access to visitors
- Not taking account of individuals' cultural, religious, or ethnic needs
- Not taking account of educational, social, and recreational needs
- Ignoring or isolating the person
- Preventing the person from making their own decisions
- Preventing access to glasses, hearing aids, dentures, etc.
- Failure to ensure privacy and dignity

Organisational / institutional abuse

- Discouraging visits or the involvement of relatives or friends
- Run-down or overcrowded establishment
- Authoritarian management or rigid regimes
- Lack of leadership and supervision
- Insufficient staff or high turnover resulting in poor quality care
- Abusive and disrespectful attitudes towards people using the service
- Inappropriate use of restraints
- Lack of respect for dignity and privacy
- Failure to manage residents with abusive behaviour
- Not providing adequate food and drink, or assistance with eating
- Not offering choice or promoting independence
- Misuse of medication
- Failure to provide care with dentures, spectacles or hearing aids

- Not taking account of individuals' cultural, religious or ethnic needs
- Failure to respond to abuse appropriately
- Interference with personal correspondence or communication
- Failure to respond to complaints

Discriminatory abuse

- Unequal treatment based on age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, gender, or sexual orientation
- Verbal abuse, derogatory remarks or inappropriate use of language related to a protected characteristic
- Denying access to communication aids, not allowing access to an interpreter, signer or lip-reader
- Harassment or deliberate exclusion on the grounds of a protected characteristic
- Denying basic rights to healthcare, education, employment and criminal justice relating to a protected characteristic
- Substandard service provision relating to a protected characteristic

Financial or material abuse

- Theft of money or possessions
- Fraud, scamming
- Preventing a person from accessing their own money, benefits or assets
- Employees taking a loan from a person using the service
- Undue pressure, duress, threat, or undue influence put on the person in connection with loans, wills, property, inheritance or financial transactions
- Arranging less care than is needed to save money to maximise inheritance
- Denying assistance to manage/monitor financial affairs
- Denying assistance to access benefits
- Misuse of personal allowance in a care home
- Misuse of benefits or direct payments in a family home
- Someone moving into a person's home and living rent free without agreement or under duress
- False representation, using another person's bank account, cards or documents
- Exploitation of a person's money or assets, e.g. unauthorised use of a car
- Misuse of a power of attorney, deputy, appointee-ship or other legal authority
- Rogue trading – e.g. unnecessary or overpriced property repairs and failure to carry out agreed repairs or poor workmanship

Domestic Violence and Abuse

Domestic violence or abuse can be:

- Psychological
- Physical
- Sexual
- Financial
- Emotional

Domestic violence and abuse includes any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence, or abuse between those aged 16 or over who are or have been, intimate partners or family members regardless of gender or sexuality. It also includes so called 'honour' -based violence, female genital mutilation and forced marriage.

Coercive or controlling behaviour is a core part of domestic violence. Coercive behaviour can include:

- acts of assault, threats, humiliation and intimidation
- harming, punishing, or frightening the person
- isolating the person from sources of support
- exploitation of resources or money
- preventing the person from escaping abuse
- regulating everyday behaviour.

Sexual violence and harassment between children in schools

The measures outlined in the policy refer to the work that will also be done to support adults at risk. In addition, where an adult has been harmed or is the perpetrator of sexual violence or sexual harassment, the response will be in accordance with Surrey Safeguarding Adults Board – Adult Safeguarding Policy and Procedures.

Anti-bullying/Cyberbullying

In instances where bullying occurs involving students aged 18 or over, the response will be considered in the context of an adult safeguarding concern and the Headteacher and the DSL/DDSL will consider adult safeguarding procedures.

Online Safety

The measures outlined in the policy refer to the work that will also be done to support adults at risk.

Racist incidents

Repeated racist incidents or a single racist incident involving students aged 18 or over may lead to consideration under adult safeguarding procedures.

Radicalisation and Extremism

The measures outlined in the policy refer to the work that will also be done to support adults at risk.

Domestic abuse/CSE/Child Criminal Exploitation/Youth produced Sexual Imagery (Sexting)/Female Genital Mutilation (FGM)/Forced Marriage/Honour-based Violence

The school recognise that all the above categories constitute a form of abuse which, by virtue of their disability, are risk factors for all students at Moor House.

Private Fostering Arrangements and Children Looked After

In addition to those measures outlined in the policy, the school will have regard to those arrangements in place for students aged 18 or over, including any local 'staying put' policies and procedures.

Children Missing Education

Children missing education are children of compulsory school age who are not registered at a school and are not receiving suitable education otherwise than at a school. This can therefore be omitted

Students Missing out on Education –

Please see this section in the main policy

School Attendance and Behaviour –

The Attendance Policy and MHC Behaviour Policy apply to students over the age of 18 in full time education at Moor House.

Restrictive Physical Intervention:

The measures outlined in the policy refer to the work that will also be done to support adults at risk.

Whistle-blowing

It is also recognised that students aged 18 or over cannot be expected to raise concerns in an environment where staff fail to do so.

Medication administration

Please refer to the Moor House School & College Procedure for Reportable Medication Errors.

General Indicators of Abuse

Contents

- What is child abuse
- Physical Abuse
- Emotional Abuse
- Sexual Abuse
- Neglect
- Indicators of Abuse

What is child abuse?

The following definitions are taken from *Working Together to Safeguard Children* HM Government (2018). In addition to these definitions, it should be understood that children can also be abused by being sexually exploited, honour- based violence, forced marriage or female genital mutilation. To support the local context, all staff have access to the [Surrey Safeguarding Children Partnership Levels of Need Threshold Document](#)

What is abuse and neglect?

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Children may be abused by an adult or adults, or another child or children. Abuse can take place wholly online or technology may be used to facilitate offline abuse.

Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children.

These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another.

It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur in isolation.

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. It can take place online and technology can be used to facilitate offline abuse.

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

The [Neglect Risk Assessment Tool](#) is available to provide a more detailed information regarding neglect.

Indicators of abuse

Neglect

The nature of neglect

Neglect is a lack of parental care but poverty and lack of information or adequate services can be contributory factors.

Far more children are registered to the category of neglect on Child in Need and Child Protection plans than to the other categories. As with abuse, the number of children experiencing neglect is likely to be much higher than the numbers on the plans.

Neglect can include parents or carers failing to:

- provide adequate food, clothing and shelter
- protect a child from physical and emotional harm or danger
- ensure adequate supervision or stimulation
- ensure access to appropriate medical care or treatment

NSPCC research has highlighted the following examples of the neglect of children under 12 years old:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted
- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Neglect is often linked to other forms of abuse, so any concerns of school staff must be discussed with the DSL/ DDSL.

Indicators of neglect

The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm.

It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child must be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself. The [Neglect Risk Assessment Tool](#) provides staff with a resource to identify and act on concerns regarding neglect.

Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight
- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among peers
- Frequently unsupervised
- Stealing or scavenging, especially food
- Destructive tendencies

Emotional abuse

The nature of emotional abuse

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

All kinds of abuse and neglect have emotional effects although emotional abuse can occur by itself.

Children can be harmed by witnessing someone harming another person – as in domestic abuse.

It is sometimes possible to spot emotionally abusive behaviour from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

Indicators of emotional abuse

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes.

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)
- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour
- Insecure, clinging behaviour
- Poor social relationships

Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations (“I deserve this”)
- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness
- Extremes of passivity or aggression

Physical abuse

The nature of physical abuse

Most children collect cuts and bruises quite routinely as part of the rough and tumble of daily life. Clearly, it is not necessary to be concerned about most of these minor injuries. But accidental injuries normally occur on the *bony prominences* – e.g. knees, shins.

Injuries on the *soft* areas of the body are more likely to be inflicted intentionally and should therefore make us more alert to other concerning factors that may be present.

A body map can assist in the clear recording and reporting of physical abuse. The body map should only be used to record observed injuries and no child should be asked to remove clothing by a member of staff of the school.

Indicators of physical abuse / factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)
- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the context of the school & college, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, concern must be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child or young person (adults words)
- no explanation is forthcoming
- the child or young person (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You must be concerned if a child:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport
- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers.
- has a fear of medical help or attention
- admits to a punishment that appears excessive.

Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school. A change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

All staff should be aware of the associated risk and understand the measures in place to manage these. Advice for schools and colleges is provided in the Home Office's [Preventing youth violence and gang involvement](#) and its [Criminal-exploitation-of-children-and-vulnerable-adults-county-lines](#) guidance.

Sexual abuse

The nature of sexual abuse

Sexual abuse is often perpetrated by people who are known and trusted by the child – e.g., relatives, family friends, neighbours, babysitters, and people working with the child in school, faith settings, clubs or activities. Children can also be subject to child sexual exploitation.

Sexual exploitation is seen as a separate category of sexual abuse. The [SSCP professional guidance](#) provides school staff with information regarding indicators of CSE (further information about CSE is available on pages 45-46).

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent (this may occur online)
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

Indicators of sexual abuse

Physical observations:

- Damage to genitalia, anus or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in very young girls
- Soreness in genital area, anus or mouth and other medical problems such as chronic itching

- Unexplained recurrent urinary tract infections and discharges or abdominal pain
- Behavioural observations:
- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually inappropriate behaviour
- Hinting at sexual activity
- Inexplicable decline in education progress
- Depression or other sudden apparent changes in personality as becoming insecure
- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly-compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares
- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation,
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed
- Trying to be 'ultra-good' or perfect; overreacting to criticism.

Child on Child Sexual harassment and Sexual abuse

MHS&C strive to create a culture where sexual harassment and sexual abuse are not tolerated, where we identify issues we will intervene early to better protect children and young people.

In order to do this, all staff members should assume that sexual harassment and online sexual abuse are happening within our setting even when there are no specific reports. Moor House School & College have put in place a whole-school approach to address them.

This includes:

- A carefully sequenced RSHE curriculum, based on the Department for Education's (DfE's) statutory guidance, that specifically includes sexual harassment and sexual violence, including online. This will include time for open discussion of topics that children and young people tell us they find particularly difficult, such as consent and the sending of 'nudes'
- High-quality training for teachers delivering RSHE
- Routine record-keeping and analysis of sexual harassment and sexual violence, including online, to identify patterns and intervene early to prevent abuse
- A behavioural approach, including sanctions when appropriate, to reinforce a culture where sexual harassment and online sexual abuse are not tolerated
- We will work closely with LSPs in the area where the school or college is located so we are aware of the range of support available to children and young people who are victims or who perpetrate harmful sexual behaviour
- We will support the DDSL's and DSL designated safeguarding leads by allowing protected time when needed to engage with LSPs
- Training to ensure that all staff (and governors, where relevant) are able to:
- better understand the definitions of sexual harassment and sexual violence, including online sexual abuse
- identify early signs of peer-on-peer sexual abuse
- consistently uphold standards in their responses to sexual harassment and online sexual abuse

Child on Child Abuse

Context

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school and college staff are supported and protected as appropriate.

Policy

We believe that all children have a right to attend school and learn in a safe environment. Children and young people should be free from harm by adults and other children or young people in school

We recognise that children and young people are capable of abusing other children and their peers and this will be dealt with under our Child Protection and Safeguarding policy and in line with KCSiE .(2022)

We are clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up

We will minimise the risk of peer-on-peer/ child on child abuse by:-

Prevention

- taking a whole school and college approach to safeguarding & child protection;
- providing training to staff;
- providing a clear set of values and standards, underpinned by the school and college behaviour policies and pastoral support; and by a planned programme of evidence based content delivered through the curriculum;
- engaging with specialist support and interventions;

Responding to reports of sexual violence and sexual harassment

Children or young people making a report of sexual violence or sexual harassment will be taken seriously, kept safe and be well supported.

If the report includes an online element staff will be mindful of the Searching, Screening and Confiscation: advice for schools (DfE 2018) guidance.

Staff members taking the report will inform the DSL or the Deputy DSL immediately.

Staff members taking a report will never promise confidentiality.

Parents or carers should usually be informed (unless this would put the child at greater risk).

If a child is at risk of harm, is in immediate danger, or has been harmed, a Request for Support will be made to the C-SPA securely email: cspa@surreycc.gov.uk or telephone 0300 470 9100, as appropriate.

Risk Assessment:-

Following a report the DSL/ DDSL will make an immediate risk and needs assessment on a case-by-case basis.

The Risk assessment will consider;

- the victim, especially their protection and support;
- the alleged perpetrator, their support needs and any discipline action;
- all other children at the school;
- the victim and the alleged perpetrator sharing classes and space at school.

The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments, these professional assessments will be used to inform the school's approach to supporting and protecting students.

Support regarding risk assessments can be accessed from the [Education Safeguarding Team](mailto:education.safeguarding@surreycc.gov.uk) – education.safeguarding@surreycc.gov.uk

Action: The DSL will consider:-

The wishes of the victim.

The nature of the incident including whether a crime has been committed and the harm caused.

- Ages of the children involved.
- Developmental stages of the children.
- Any power imbalance between the children.
- Any previous incidents.
- Ongoing risks.
- Other related issues or wider context.

Options: The DSL will make the decision regarding the issue with the following possible options:-

- Manage internally
- Early Help intervention
- Refer to C-SPA
- Report to the police (generally in parallel with a referral to C-SPA) #

Ongoing Response:

Moor House is a small special school with a maximum of two classes per year group. The maximum class size is 12 students. The school & college acts in line with their behaviour policies and exclusion policy. The school and college will make reasonable and proportionate adjustment within resource and provision.

The DSL/ DDSL will manage each case individually and will ensure the risk assessment is reviewed regularly with relevant partner agencies, for example the Police and Children's Social Care.

Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim.

The DSL will consider how best to keep the victim and perpetrator a reasonable distance apart on school premises and on transport where appropriate. The appropriateness of this will be subject to the school being reasonably satisfied that the allowing the perpetrator to remain at school and / or share transport would not harm the education or welfare of the victim and / or any other pupils of Moor House.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and may lead to the view that allowing the perpetrator to remain in the same school or college would seriously harm the education or welfare of the victim (and potentially themselves and other pupils).

Where a criminal investigation into sexual assault leads to a conviction or caution, the school or college will, if it has not already, consider any suitable sanctions in light of their behaviour policy, which may include consideration of permanent exclusion. Where the perpetrator is going to remain at the school or college,

the Headteacher should continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school and college premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

The victim, alleged perpetrator and any other affected children & adults will receive appropriate support and safeguards on a case-by-case basis, within available resources.

The school and college will take any disciplinary action against the alleged perpetrator in accordance with the school or college behaviour policy.

The school and college recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

While a clear focus of child on child abuse is around sexual abuse and harassment, Child on Child abuse is most likely to include but may not be limited to:

- Bullying (including cyberbullying, prejudice – based and discriminatory bullying)
- Abuse in intimate personal relationships between children.
- Physical abuse such as kicking, shaking, biting, hair pulling or otherwise causing physical harm (this may include an online element which facilitates threatens and/or encourages physical abuse)

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

Harmful Sexual Behaviour

The [Brook Traffic Light Tool](#) uses a traffic light system to categorise the sexual behaviours of young people and is designed to help professionals:

- make decisions about safeguarding children and young people
- assess and respond appropriately to sexual behaviour in children and young people
- understand healthy sexual development and distinguish it from harmful behaviour
- by categorising sexual behaviours, school can work with other agencies to the same standardised criteria when making decisions and can protect children and young people with a multi-agency approach.

The school recognise that it is vital that professionals agree on how behaviours should be categorised regardless of culture, faith, beliefs, and their own experiences or values.

Brook sexual behaviours traffic light tool

Behaviours: age 0 to 5

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability. They are reflective of natural curiosity, experimentation, consensual activities and positive choices.

What can you do?

Green behaviours provide opportunities to give positive feedback and additional information.

Green behaviours

- holding or playing with own genitals
- attempting to touch or curiosity about other children's genitals
- attempting to touch or curiosity about breasts, bottoms or genitals of adults
- games e.g. mummies and daddies,
- doctors and nurses
- enjoying nakedness
- interest in body parts and what they do
- curiosity about the differences between boys and girls

What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

Amber behaviours

- preoccupation with adult sexual behaviour
- pulling other children's pants down/skirts up/trousers down against their will
- talking about sex using adult slang
- preoccupation with touching the genitals of other people
- following others into toilets or changing rooms to look at them or touch them
- talking about sexual activities seen on TV/online

What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur.

What can you do?

Red behaviours indicate a need for immediate intervention and action.

Red behaviours

- persistently touching the genitals of other children
- persistent attempts to touch the genitals of adults
- simulation of sexual activity in play
- sexual behaviour between young children involving penetration with objects
- forcing other children to engage in sexual play

This is intended to be used as a guide only. Please refer to the guidance tool at <https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool> for further information

Print date: 01/10/2015 - Brook has taken every care to ensure that the information contained in this publication is accurate and up-to-date at the time of being published. As information and knowledge is constantly changing, readers are strongly advised to use this information for up to one month from print date. Brook accepts no responsibility for difficulties that may arise as a result of an individual acting on the advice and recommendations it contains.

Brook sexual behaviours traffic light tool adapted from Family Planning Queensland. (2012). Traffic Lights guide to sexual behaviours. Brisbane: Family Planning Queensland, Australia.

Behaviours: age 5 to 9 and 9 to 13

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability and reflective of natural curiosity, experimentation, consensual activities and positive choices

What can you do? Green behaviours provide opportunities to give positive feedback and additional information.

Green behaviours 5-9

- feeling and touching own genitals
- curiosity about other children's genitals
- curiosity about sex and relationships, e.g. differences between boys and girls, how sex happens, where babies come from, same-sex relationships
- sense of privacy about bodies
- telling stories or asking questions using swear and slang words for parts of the body

Green behaviours 9-13

- solitary masturbation
- use of sexual language including swear and slang words
- having girl/boyfriends who are of the same, opposite or any gender
- interest in popular culture, e.g. fashion, music, media, online games, chatting online
- need for privacy
- consensual kissing, hugging, holding hands with peers

What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

Amber behaviours 5-9

- questions about sexual activity which persist or are repeated frequently, despite an answer having been given
- sexual bullying face to face or through texts or online messaging
- engaging in mutual masturbation
- persistent sexual images and ideas in talk, play and art
- use of adult slang language to discuss sex

Amber behaviours 9-13

- uncharacteristic and risk-related behaviour, e.g. sudden and/or provocative changes in dress, withdrawal from friends, mixing with new or older people, having more or less money than usual, going missing
- verbal, physical or cyber/virtual sexual bullying involving sexual aggression
- LGBT (lesbian, gay, bisexual, transgender) targeted bullying
- exhibitionism, e.g. flashing or mooning
- giving out contact details online
- viewing pornographic material
- worrying about being pregnant or having STIs

What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

What can you do?

Red behaviours indicate a need for immediate intervention and action.

Red behaviours 5-9

- frequent masturbation in front of others
- sexual behaviour engaging significantly younger or less able children
- forcing other children to take part in sexual activities
- simulation of oral or penetrative sex
- sourcing pornographic material online

Red behaviours 9-13

- exposing genitals or masturbating in public
- distributing naked or sexually provocative images of self or others
- sexually explicit talk with younger children
- sexual harassment
- arranging to meet with an online acquaintance in secret
- genital injury to self or others
- forcing other children of same age, younger or less able to take part in sexual activities
- sexual activity e.g. oral sex or intercourse
- presence of sexually transmitted infection (STI)
- evidence of pregnancy

This is intended to be used as a guide only. Please refer to the guidance tool at <https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool> for further information

behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability and reflective of natural curiosity, experimentation, consensual activities and positive choices

What can you do? Green behaviours provide opportunities to give positive feedback and additional information. **Green behaviours**

- solitary masturbation
- sexually explicit conversations with peers
- obscenities and jokes within the current cultural norm
- interest in erotica/pornography
- use of internet/e-media to chat online
- having sexual or non-sexual relationships
- sexual activity including hugging, kissing, holding hands
- consenting oral and/or penetrative sex with others of the same or opposite gender who are of similar age and developmental ability
- choosing not to be sexually active

What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

Amber behaviours

- accessing exploitative or violent pornography
- uncharacteristic and risk-related behaviour, e.g. sudden and/or provocative changes in dress,
- withdrawal from friends, mixing with new or older people, having more or less money than usual, going missing
- concern about body image
- taking and sending naked or sexually provocative images of self or others
- single occurrence of peeping, exposing, mooning or obscene gestures
- giving out contact details online
- joining adult- only social networking sites and giving false personal information
- arranging a face to face meeting with an online contact alone

What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

What can you do?

Red behaviours indicate a need for immediate intervention and action.

Red behaviours

- exposing genitals or masturbating in public
- preoccupation with sex, which interferes with daily function
- sexual degradation/humiliation of self or others
- attempting/forcing others to expose genitals
- sexually aggressive/exploitative behaviour
- sexually explicit talk with younger children
- sexual harassment
- non-consensual sexual activity
- use of/acceptance of power and control in sexual relationships
- genital injury to self or others
- sexual contact with others where there
- is a big difference in age or ability
- sexual activity with someone in authority and in a position of trust
- sexual activity with family members
- involvement in sexual exploitation and/or trafficking
- sexual contact with animals
- receipt of gifts or money in exchange for sex

Anti-Bullying/Cyberbullying

Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

We keep a record of known bullying incidents which is shared with, and analysed by the governing body. All staff are aware that children with SEND and/or differences/perceived differences are more susceptible to being bullied/victims of child abuse.

When there is 'reasonable cause to suspect that a child or young person is suffering, or is likely to suffer, significant harm' a bullying incident must be addressed as a child protection concern. If the anti-bullying procedures are seen to be ineffective, the Headteacher and the DSL/ DDSL will also consider child protection procedures.

PHSE education regularly provides opportunities for children and young people to understand that bullying is wrong, its impact and how to deal with it.

Online Safety

The school and college has an online safety policy which explains how we try to keep students safe in school and how we respond to online safety incidents.

Children and young people increasingly use electronic equipment on a daily basis to access the internet, share and view content and images via social media sites such as Facebook, twitter, Instagram, snapchat and voodoo and for online gaming.

Some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or emails, to grooming and enticing children to engage in extremist or sexual behaviour such as webcam photography or face-to-face meetings.

Students may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders

Students are taught about online safety throughout the curriculum and all staff receive online safety training which is regularly updated. Moor House has two CEOPS trained staff they are : Matthew Crowhurst and Darren Heine.

Racist Incidents

Moor House acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents.

Radicalisation and Extremism

[The Prevent Duty for England and Wales \(2015\)](#) under section 26 of the Counter-Terrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.

Extremism is defined as 'as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

Terrorism is an action that endangers or causes serious violence to a person/people; causes serious violence to a person/people; causes serious damage to property; or seriously interferes with an electronic system. The use or threat **must** be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Some children and young people are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous. This can happen both online and offline.

The school & college is clear that exploitation of vulnerable children and radicalisation must be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

The school seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

School staff receive training to help identify early signs of radicalisation and extremism.

Opportunities are provided in the curriculum to enable pupils to discuss issues of religion, ethnicity and culture and the school follows the [DfE advice Promoting Fundamental British Values as part of SMSC \(spiritual, moral, social and cultural education\) in Schools \(2014\)](#).

The school governors, the Headteacher and the Designated Safeguarding Lead (DSL) will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include, [due diligence checks for external speakers and private hire of facilities](#) anti-bullying policy and other issues specific to the school's profile, community and philosophy.

When any member of staff has concerns that a student may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL or a DDSL. They should then follow the safeguarding procedures and refer by e-mail to preventreferrals@surrey.pnn.police.uk following the [Prevent referral process](#) and use the Prevent referral form. If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or 01483 632982 and ask to speak to the Prevent Supervisor for Surrey.

The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

Indicators of vulnerability to radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.

Extremism is defined by the Government in the Prevent Strategy as:

Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

Extremism is defined by the Crown Prosecution Service as:

- the demonstration of unacceptable behaviour by using any means or medium to express views which:
- encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
- Seek to provoke others to terrorist acts;
- Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
- Foster hatred which might lead to inter-community violence in the UK.

There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

Students may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

Indicators of vulnerability include:

- Identity Crisis – the student is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- Personal Crisis – the student may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
- Personal Circumstances – migration; local community tensions; and events affecting the student’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- Unmet Aspirations – the student may have perceptions of injustice or a feeling of failure,
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
- Special Educational Needs and Disability – students may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

The Department for Education guidance [The Prevent Duty](#) can be accessed via this link.

Domestic Abuse

Domestic abuse represents one quarter of all violent crime. It is actual or threatened physical, emotional, psychological or sexual abuse. It involves the use of power and control by one person over another. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Domestic abuse can also involve other types of abuse.

We use the term domestic abuse to reflect that a number of abusive and controlling behaviours are involved beyond violence. Slapping, punching, kicking, bruising, rape, ridicule, constant criticism, threats, manipulation, sleep deprivation, social isolation, and other controlling behaviours all count as abuse.

Living in a home where domestic abuse takes place is harmful to children and young people and can have a serious impact on their behaviour, wellbeing and understanding of healthy, positive relationships.

Children can be victims of domestic abuse, they may see, hear or experience the effects of abuse at home and or suffer domestic abuse in their own intimate relationship. Children and young people who witness domestic abuse are at risk of significant harm and staff must be alert to the signs and symptoms of a child or young person suffering or witnessing domestic abuse.

Moor House is enrolled onto the Operation Encompass scheme, a joint project between Surrey Police, Surrey County Council, Surrey Domestic Abuse Service and Surrey Schools; where every school day morning our DSL or DDSL is notified of all domestic abuse incidents that have occurred and been reported to Police in the previous 24 hours which involved a child at this school (72 hours on a Monday morning). This provides an opportunity for us to ensure the right support is in place at the right time for children who are experiencing domestic abuse.

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse.

It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator.

The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. All staff must be aware of the link between online safety and vulnerability to CSE.

Any concerns that a child is being or is at risk of being sexually exploited must be passed immediately to the DSL/ DDSL.

The School & College is aware there is a clear link between regular non-attendance at school and CSE. Staff will consider a child to be at potential CSE risk in the case of regular non-attendance at school and make reasonable enquiries with the child and parents to assess this risk.

All staff are aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) will consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence

The DSL/ DDSL will complete the Surrey Safeguarding Children's Partnership guidance and advice when there is a concern that a child is being or is at risk of being sexually exploited or where indicators have been observed that are consistent with a child who is being or who is at risk of being sexually exploited.

In all cases if the tool identifies any level of concern (green, amber or red) the DSL should contact the C-SPA and email a Request for Support Form. If a child is in immediate danger the police should be called on 999.

The school & college is aware that a child often is not able to recognise the coercive nature of the abuse and does not see themselves as a victim. As a consequence the child may resent what they perceive as interference by staff. However, staff must act on their concerns as they would for any other type of abuse. Children also rarely self-report CSE so staff must be particularly vigilant to potential indicators of risk.

The school includes the risks of sexual exploitation in the PHSE and SRE curriculum. Students will be informed of the grooming process and how to protect themselves from people who may potentially be intent on causing harm. They will be supported in terms of recognising and assessing risk in relation to CSE, including online, and knowing how and where to get help.

Child Criminal Exploitation & Gangs

There are a number of areas in which young people are put at risk by gang activity, both through participation in, and as victims of, gang violence which can be in relation to their peers or to a gang-involved adult in their household.

A child who is affected by gang activity or serious youth violence may have suffered, or may be likely to suffer, significant harm through physical, sexual and emotional abuse or neglect.

Teenagers can be particularly vulnerable to recruitment into gangs and involvement in gang violence. This vulnerability may be exacerbated by risk factors in an individual's background, including violence in the family, involvement of siblings in gangs, poor educational attainment, or poverty or mental health problems.

Criminal exploitation of children is a typical feature of county lines criminal activity. Key identifying features of involvement in county lines are when children are missing, when the victim may have been trafficked for transporting drugs, a referral to the National Referral Mechanism should be considered with Social Care and Police colleagues.

A child who is affected by gang activity, criminal exploitation or serious youth violence can be at risk of significant harm through physical, sexual and emotional abuse. Girls may be particularly at risk of sexual exploitation.

Any concerns that a child is being or is at risk of being criminally exploited will be passed without delay to the DSL. The school is aware there is a clear link between regular non-attendance at school and exploitation. Staff will consider a child to be at potential risk in the case of regular non-attendance at school and make reasonable enquiries with the child and parents to assess this risk.

A request for support to the C-SPA will be made when any concern of harm to a child as a consequence of gang activity including child criminal exploitation becomes known. Any member of staff who has concerns that a child may be at risk of harm should immediately inform the DSL. The DSL will contact the C-SPA. If there is concern about a child's immediate safety, the Police will be contacted on 999.

Youth produced sexual imagery (sexting)

The practice of children and young people sharing images and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is unlawful.

Youth produced sexual imagery refers to both images and videos where:

- A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18.
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.
- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.

All incidents of this nature must be treated as a safeguarding concern and in line with the UKCCIS guidance '[Sexting in schools and colleges: responding to incidents and safeguarding young people](#)'.

Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and must be responded to.

If a member of staff becomes aware of an incident involving youth produced sexual imagery they must follow the child protection procedures and refer to the DSL immediately.

The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff must not view, copy or print the youth produced sexual imagery.

The DSL/ DDSL should hold an initial review meeting with appropriate school or college staff and subsequent interviews with the children involved (if appropriate).

Parents should be informed at an early stage and involved in the process unless there is reason to believe that involving parents would put the child at risk of harm.

At any point in the process if there is concern a young person has been harmed or is at risk of harm a referral must be made to the C-SPA or the Police as appropriate.

Immediate referral at the initial review stage must be made to Children's Social Care/Police if:

The incident involves an adult.

There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs).

What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent.

The imagery involves sexual acts.

The imagery involves anyone aged 12 or under.

There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.

If none of the above apply then the DSL / DDSL will use their professional judgement to assess the risk to students involved and may decide, with input from the Headteacher, to respond to the incident without referral to the C-SPA or the Police.

During the decision making the DSL/ DDSL will consider if:

- There is a significant age difference between the sender/receiver.
- There is any coercion or encouragement beyond the sender/receiver.
- The imagery was shared and received with the knowledge of the child in the imagery.
- The child is vulnerable, for example subject to Child in Need, Child Protection or Early Help plans, Looked After, SEND.
- There is a significant impact on the children involved.
- The image is of a severe or extreme nature.
- The child involved understands consent.
- The situation is isolated or if the image has been more widely distributed.

- There other circumstances relating to either the sender or recipient that may add cause for concern.
- The children have been involved in incidents relating to youth produced imagery before.

If any of these circumstances are present the situation will be referred according to our child protection procedures, including referral to the C-SPA or the Police.

The DSL / DDSL will record all incidents of youth produced sexual imagery, including the actions taken, rationale for actions and the outcome.

Female Genital Mutilation (FGM)

Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act 2003. It is a form of child abuse and violence against women. [A mandatory reporting duty requires teachers to report 'known' cases of FGM in under 18s](#), which are identified in the course of their professional work, to the police.

The duty applies to all persons in school who is employed or engaged to carry out 'teaching work' or works directly with children in the school, whether or not they have qualified teacher status.

The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the Designated Safeguarding Lead, however the DSL must be informed.

If a teacher is informed by a girl under 18 that an act of FGM has been carried out on her or a teacher observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth, the teacher should personally make a report to the police force in which the girl resides by calling 101. The report must be made immediately.

School staff are trained to be aware of risk indicators of FGM.

Concerns about FGM outside of the mandatory reporting duty must be reported using the school's child protection procedures. Staff must be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer holiday.

There should also be consideration of potential risk to other girls in the family and practicing community. Where there is a risk to life or likelihood of serious immediate harm the teacher should report the case immediately to the police, including dialling 999 if appropriate.

There are **no** circumstances in which a teacher or other member of staff should examine a girl.

Forced Marriage

A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

Forced marriage is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.

A forced marriage is not the same as an arranged marriage which is common in many cultures. The families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

School staff should never attempt to intervene directly as a school or through a third party. Contact must be made with the C-SPA and/or the Forced Marriage Unit 200 7008 0151.

Honour-based Abuse

Honour-based abuse (HBA) can be described as a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.

Honour based abuse might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion;
- want to get out of an arranged marriage;
- want to get out of a forced marriage
- wear clothes or take part in activities that might not be considered traditional within a particular culture

It is considered a violation of human rights and may be a form of domestic and/or sexual abuse.

One Chance Rule

All members of staff must be aware of the 'One Chance' Rule' in relation to forced marriage, FGM and HBV. Staff recognise they may only have one chance' to speak to a child who is a potential victim and have just one chance to save a life.

The school are aware that if the victim is not offered support following disclosure that the 'One Chance' opportunity may be lost. Therefore, all staff must be aware of their responsibilities and obligations when they become aware of potential forced marriage, FGM and HBV cases.

Private Fostering Arrangements

A [private fostering](#) arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 years old or 18 years old if the child is disabled.

Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered.

Private fostering occurs in all cultures and children may be privately fostered at any age.

The school recognise that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all members of staff must be alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care immediately. However, where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify the C-SPA immediately.

Children Looked After

The most common reason for children becoming looked after is as a result of abuse and neglect.

The school ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child and contact arrangements with birth parents or those with parental responsibility.

The designated teacher and governor for children looked after will have the appropriate level training to equip them with the knowledge and skills to undertake their role.

The designated teacher for children looked after and the DSL have details of the child's social worker and the name and contact details of the Surrey County Council's Head of Virtual School.

The designated teacher for children looked after and children previously looked after will work in partnership with the Virtual School Assistant Headteacher to discuss how Pupil Premium Plus funding can be best used to support the progress of children looked after in the school and meet the needs of the child within their personal education plan.

Children Missing Education

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have.

The school & college recognise that children missing education are at significant risk of underachieving, being victims of abuse and harm, exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Where possible the school will hold more than one emergency contact number for each pupil.

Moor House will ensure that there is a record of joiners and leavers as defined in [The Education \(Pupil Registration\) \(England\) 2006](#).

When removing a child's name, the school will notify the Local Authority of:

- (a) the full name of the child,
- (b) the full name and address of any parent with whom the child normally resides,
- (c) at least one telephone number of the parent,
- (d) the child's future address and destination school, if applicable, and
- (e) the ground in regulation 8 under which the child's name is to be removed from the school register.

The school will make reasonable enquiries to establish the whereabouts of a child jointly with the Local Authority, before deleting the child's name from the school register if the deletion is under regulation 8(1), sub-paragraphs (f) (iii) and (h) (iii) of [The Education \(Pupil Registration\) \(England\) 2006](#).

Moor House will:

- Enter students on the admissions register on the first day on which the school has agreed, or has been notified, that the student will attend the school.
- Notify the Local Authority within five days of adding a student's name to the admission register. The notification must include all the details contained in the admission register for the new student
- Monitor each child's attendance through their daily register and follow the Moor House procedure in cases of unauthorised absence.

- Remove a student's name from the admissions register on the date that the child or young person leaves the school.
- The school will notify the Local Authority when they are about to remove a child's name from the school register under any of the fifteen grounds listed in the regulations, no later than the date that the child's name is due to be removed.
- Where parents notify the school, in writing, of their intention to electively home educate the school will forward a copy of the letter to the Elective Home Education Team / Education Welfare. Where parents orally indicate that they intend to withdraw their child to be home educated and no letter has been received, the school will not remove the child from roll and will notify Education Welfare at the earliest opportunity.

Students Missing Out of Education

The vast majority of children engage positively with school and attend regularly. However, in order to flourish, some children require an alternative education offer or may require a modified timetable to support a return to full time education provision. It is recognised that children accessing alternative provision or a reduced or modified timetable may have additional vulnerabilities. Ofsted refer to these as Pupils Missing Out On Education (PMOOE), because they are not accessing their education in school in the 'usual way'.

The school will gain consent (if required in statute) from parents to put in place alternative provision and/or a reduced or modified timetable

The school will ensure that and parents (and the local authority where the pupil has a statement of special educational needs) are given clear information about alternative provision placements and reduced or modified timetables: why, when, where, and how they will be reviewed;

The school will keep the placement and timetable under review and involve parents in the review. Reviews will be frequent enough to provide assurance that the off-site education and/or modified timetable is achieving its objectives and that the pupil is benefitting from it;

The school will monitor and track children attending alternative provision to ensure that the provision meets the needs of the child

The school will comply with regular data returns requested by the Local Authority, regarding all pupils, of statutory school age, attending alternative provision and/or on a reduced or modified timetable.

The school leadership will report to governors of any formal direction of a student to alternative provision to improve behaviour.

The school leadership will report to governor's information regarding the use and effectiveness of the use of alternative provision and modified timetables.

Additional guidance on

Sexual Violence and Sexual Harassment

Introduction

In May 2018 the Department for Education released updated advice; Sexual violence and sexual harassment between children in schools and colleges – advice for governing bodies, proprietors, head teachers, principals, senior leadership teams and designated safeguarding leads.

The advice is to be read and referenced alongside Keeping Children Safe in Education September 2019. The focus is sexual violence and sexual harassment between children at schools and colleges. The guidance seeks to define the issues, minimise risks and advise what to do if an incident occurs or is alleged to have occurred.

Definitions

For the purpose of this advice, when referring to **sexual violence** we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents

What is consent?

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

- a child under the age of 13 can never consent to any sexual activity;
- the age of consent is 16;17
- sexual intercourse without consent is rape.

1. Sexual Harassment

For the purpose of this advice, when referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualized names;
- sexual “jokes” or taunting
- physical behavior, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence – it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and /or sexual violence
- upskirting, which is a criminal offence

It may include:

- non-consensual sharing of sexual images and videos. (UKCCIS sexting advice provides detailed advice for schools and colleges);
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats.
- It is important that schools and colleges consider sexual harassment in broad terms. Sexual harassment (as set out above) creates an atmosphere that, if not challenged, can normalise inappropriate behaviors and provide an environment that may lead to sexual violence.

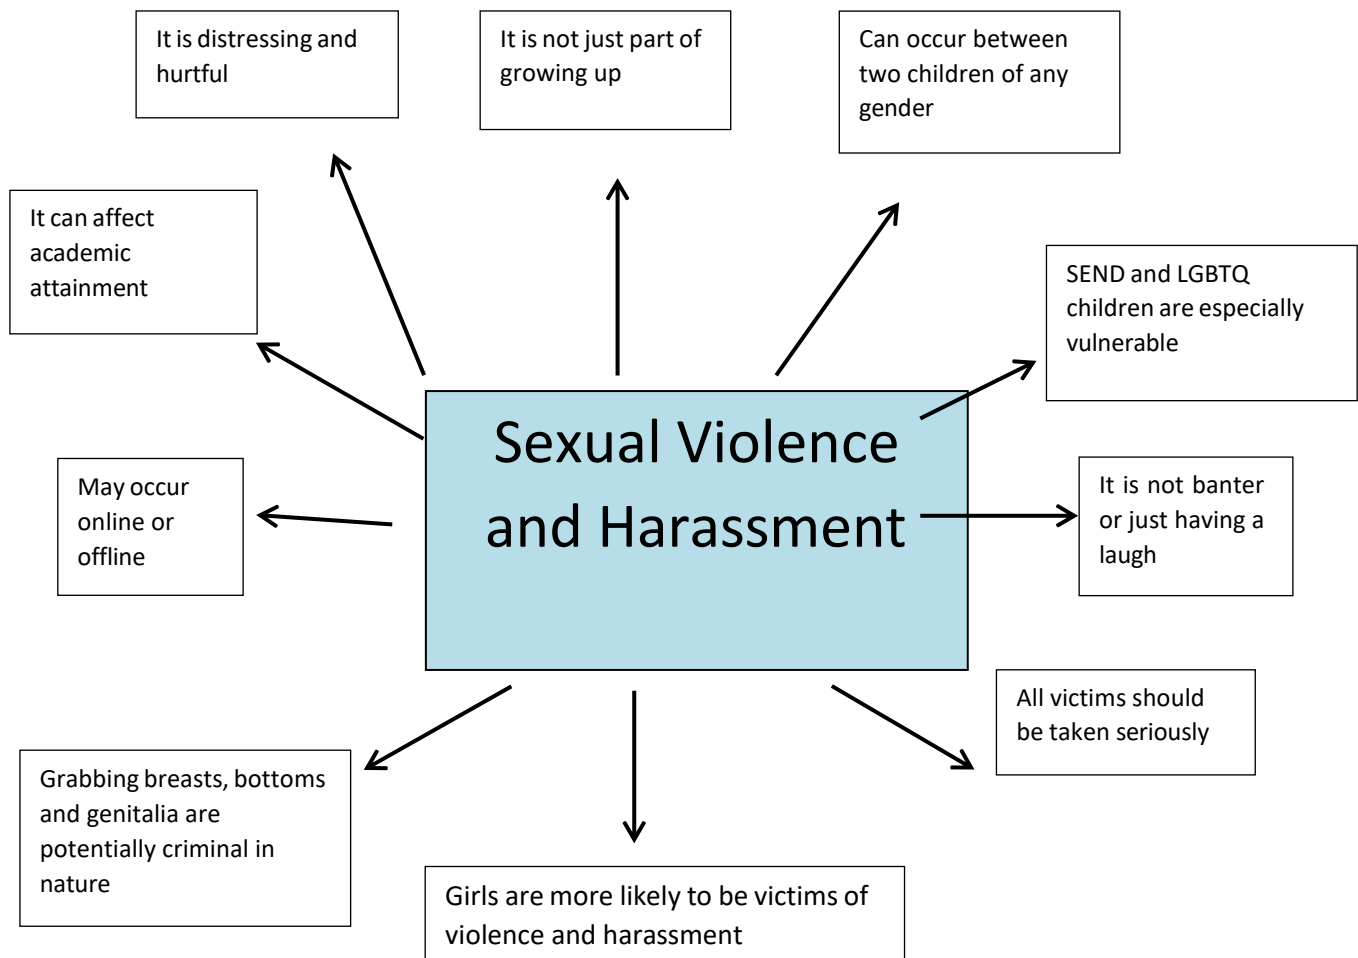

2. Context

Victims and alleged perpetrators

There are many different ways to describe students who have been subjected to sexual violence and/or sexual harassment and many ways to describe those who are alleged to have carried out any form of abuse. For these purposes, we use the term ‘victim’ to refer to students who have been subjected to sexual violence and abuse. It is a widely recognised and understood term. Staff at Moor House School & College recognise that not everyone who has been subjected to sexual violence and/or sexual harassment considers themselves a victim or would want to be described in this way. Ultimately, staff will be conscious of this when managing any incident and be prepared to use any term with which the individual child is most comfortable.

Equally, there are a number of ways to describe students who have carried out sexual violence or sexual harassment. We use the term ‘alleged perpetrator’. It is important to remember that, as a child, any alleged perpetrator is entitled to, deserving of, and should be provided with, a different level of support to that which might be provided to an adult who is alleged to have abused a child

3. What is sexual harassment and sexual violence?

4. Responsibilities

Moor House School & College has a statutory duty to safeguard and promote the welfare of our students. As part of this duty, we have regard to guidance issued by the Secretary of State. We have behaviour policies for both the School and College and measures in place to prevent all forms of bullying. Good practice is that which allows children an open forum to talk things through and all staff should be aware of how to support children and how to manage a disclosure.

5. Curriculum

The most effective preventative education programme will be through a whole school and college approach that prepares children for life in modern Britain. This will be achieved by;

- Encouraging healthy and respectful relationships
- Tackling prejudiced behaviour
- Challenging gender roles, stereotypes and inequality
- Promoting body confidence and self esteem
- Challenging cultures of sexual harassment
- Making it clear that violence and harassment is always wrong
- Teaching children what respectful behaviour looks like

6. Responding

Reports of sexual violence and sexual harassment are likely to be complex and require difficult professional decisions to be made, often quickly and under pressure. Some situations are clear:-

- A child under the age of 13 can never consent to any sexual activity
- The age of consent is 16;
- Sexual intercourse without consent is rape;
- Rape, assault by penetration and sexual assault are defined in law
- Creating and sharing sexual photos and videos of under-18s is illegal (often referred to as sexting). This includes children making and sharing sexual images and videos of themselves
- upskirting

In dealing with sexual violence and sexual harassment Moor House School & College may work with statutory partners such as Children's Services and the Police. It is possible that any issues could extend beyond school and college to include online issues and the use of various social media platforms can extend the impact of the abuse.

It is essential that students are reassured that they are being taken seriously and will be supported and kept safe as far as is possible. A victim should never be given the impression they are creating a problem, nor should they be made to feel ashamed for making a report.

- Do not promise confidentiality
- Inform the victim of the next steps
- Be supportive and respectful
- Be non-judgmental and listen to what the child is saying to you
- No leading questions, use open questions
- Record the disclosure (devote time to listening to what the child is saying, write notes if it is appropriate)
- Only record the facts as the child presents them
- No personal opinions
- Inform the Designated Safeguarding Lead immediately

When to inform the alleged perpetrator will be a decision that should be carefully considered. Where a report is going to be made to children's social care and/or the police, then, as a general rule, Moor House School & College will speak to the relevant agency and discuss next steps and how the alleged perpetrator will be informed of the allegations.

The Designated Safeguarding Lead should consider the following:-

- parents or carers should normally be informed (unless this would put the victim at greater risk);
- the basic safeguarding principle is: if a child is at risk of harm, is in immediate danger or has been harmed a referral should be made to children's social care; and
- Rape, assault by penetration and sexual assaults are crimes. The starting point is that reports should be passed to the police.

The Designated Safeguarding Lead or a Deputy Safeguarding Lead will make a decision whether to contact Children's Services and/or the Police.

Where there has been a report of sexual violence the Designated Safeguarding Lead/Deputy Designated Safeguarding Lead will make an immediate risk assessment factoring:-

- the victim
- the alleged perpetrator
- other children (and sometimes staff)
- lessons where the victim and alleged perpetrator are together
- transport

As stated in the main policy the context and resources available at Moor House School & College will be considered in completing this risk assessment. Risk assessments will be recorded (written or electronic) and be kept under review.

7. Supporting young people through criminal cases

Where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system, Moor House School & College will be aware of anonymity, witness support and the criminal process in general so it can offer support and act appropriately. Further information for supporting children and young people can be located here <https://www.cps.gov.uk/legal-guidance/safeguarding-children-victims-and-witnesses>

In addition to the legal protections, as a matter of effective safeguarding practice, Moor House School & College will do all it reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment. Amongst other things, this will mean carefully considering, based on the nature of the report, which staff should know about the report and any support that will be in place for the children involved. Moor House will also consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities.

8. Thresholds

In some cases of sexual harassment, for example one-off incidents, Moor House School & College may take the view that the students concerned are not in need of Early Help or statutory intervention and that it would be appropriate to handle the incident internally, perhaps through utilising our behaviour and anti-bullying policies and by providing pastoral support. All concerns, discussions, decisions and reasons for decisions will be recorded (written or electronic).

Moor House School & College may decide that the children involved do not require statutory interventions but may benefit from Early Help. Early Help means providing support as soon as a problem emerges, at any point in a child's life.

Providing Early Help is more effective in promoting the welfare of children than reacting later. Early Help can be particularly useful to address non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

Where a child has been harmed, is at risk of harm, or is in immediate danger, Moor House School & College should make a referral to local children's social care.

In some cases, Children's Social Care will review the evidence and decide a statutory intervention is not appropriate. Moor House School & College will be prepared to refer again if they believe the child remains in immediate danger or at risk of harm. If a statutory assessment is not appropriate, the Designated Safeguarding Lead (or a deputy) will consider other support mechanisms such as Early Help, specialist support and pastoral support.

Where a report of rape, assault by penetration or sexual assault is made, the starting point will be that this should be passed on to the police.

If a child is convicted or receives a caution for a sexual offence, Moor House School & College will update relevant risk assessments, ensure relevant protections are in place for all the students and, if it has not already done so, consider any suitable action in accordance with our relevant policies. If the perpetrator continues as a student,

Moor House School & College will be very clear as to expectations regarding the perpetrator now they have been convicted or cautioned. This could include expectations regarding their behaviour and any restrictions that Moor House School & College thinks are reasonable and proportionate with regard to the perpetrator's timetable.

9. Ongoing responses and additional factors to consider

Moor House School & College recognises the importance of providing continuing support for all students following an allegation or when an allegation has led to a conviction. As such, the following will be considered/understood:

- The age and the developmental stage of the victim, the nature of the allegations and the potential risk of further abuse. Moor House School & College staff are aware that, by the very nature of sexual violence and sexual harassment, a power imbalance is likely to have been created between the victim and alleged perpetrator.
- The proportionality of the response. Support will be tailored on a case-by-case basis. The support required regarding a one-off incident of sexualised name-calling is likely to be vastly different from that for a report of rape.
- Victims may not disclose the whole picture immediately. They may be more comfortable providing information on a piecemeal basis. It is essential that dialogue is kept open and encouraged. When it is clear that ongoing support will be required, Moor House School & College will ask the victim if they would find it helpful to have a designated trusted adult (for example their form tutor or Designated Safeguarding Lead) to talk to about their needs. The choice of any such adult should be the victim's. Moor House School & College will respect and support this choice. This should be because the victim wants to, not because it makes it easier to manage the situation. If required, schools and colleges should provide a physical space for victims to withdraw.
- If the victim does move to another educational institution (for any reason), the new educational institution must be made aware of any ongoing support needed. The Designated Safeguarding Lead will take responsibility to ensure this happens as well as transferring the child protection file.
- Following any report of sexual violence or sexual harassment, it is likely that some children will take "sides". Moor house School & College staff will do all they can to ensure both the victim and alleged perpetrator, and any witnesses, are not being bullied or harassed.

COVID-19 -Arrangements for Safeguarding and Child Protection

Context

On 21 February 2022 the Prime Minister set out the next phase of the Government's COVID 19 response. COVID-19 continues to be a virus that we learn to live with and the imperative to reduce the disruption to children and young people's education remains. Given the detrimental impact that restrictions on education can have on children and young people, any additional mitigation = measures will only ever be considered as a last resort.

This appendix of the Moor School & College Child Protection, including Safeguarding, Policy and Procedures contains details of our individual safeguarding arrangements in the following areas:

Contents

Context	66
Vulnerable children	67
Attendance monitoring	67
Designated Safeguarding Lead	67
Reporting a concern	68
Safeguarding training and Induction	68
Safer Recruitment/volunteers and movement of staff	68
Safeguarding Support for students and parents working offsite	69
Monitoring Student Health and well-being	69
Online safety in schools and colleges	69
Children and online safety away from school and college	69
Supporting children or vulnerable adults / pupils who are self-isolating	70
Supporting children and vulnerable adults in school	70
Monitoring	70

Key contacts

Role	Name	Contact number	
Designated Safeguarding Lead	Barbara Martin	X 128	martinb@moorhouseschool.co.uk

Please see the key contacts page in the main policy for contact details of the Deputy Designated Safeguarding Leads and those Governors with a safeguarding responsibility.

Vulnerable children

Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans.

Those who have a social worker include children who have a child protection plan and those who are looked after by the local authority. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

Those with an EHC plan will be risk-assessed in consultation with the local authority (LA) and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

Eligibility for free school meals in and of itself should not be the determining factor in assessing vulnerability.

Senior leaders, especially the DSL (and deputies) know who our most vulnerable children are and have the flexibility to offer a place to those on the edge of receiving children's social care support.

Moor House School & College will continue to work with and support children and vulnerable adult's social workers to help protect vulnerable children and adults. The lead person for Children Looked After will be: Stephanie Williams

Attendance monitoring

School attendance is mandatory for all pupils of compulsory school age and it is a priority to ensure that as many children as possible regularly attend school. Where a child is self-isolating (awaiting a test result) or in quarantine because of COVID-19, they should be recorded as code X (not attending in circumstances related to coronavirus). Where they are unable to attend because they have a confirmed case of COVID-19 they should be recorded as code I (illness). For pupils abroad, who are facing challenges to return, code X is unlikely to apply. In some specific cases, code Y (unable to attend due to exceptional circumstances) will apply.

Designated Safeguarding Lead

Moor School & College has a Designated Safeguarding Lead and a number of Deputy Designated Safeguarding Leads – these are named on the front sheet and in the key contacts page of the main policy.

We will have a trained DSL or deputy available on site at all times. Where this is not the case, a trained DSL or deputy will be available to be contacted via phone - for example, working from home.

In the unlikely event that either the DSL or a Deputy DSL is not on site, in addition to the above, a senior leader will assume responsibility for co-ordinating safeguarding on site.

Reporting a concern

There is no change to local multi-agency safeguarding arrangements, which remain the responsibility of the 3 safeguarding partners:

- Local authorities
- Clinical commissioning groups
- Chief officers of police

Where staff have a concern about a child, they should continue to follow the process outlined in the Moor House School & College Child Protection and Safeguarding Policy and Procedures, this includes making a report via CPOMS which can be done remotely or if they do not have access to the CPOMS system by using a yellow form.

In the unlikely event that a member of staff has a concern about a child but cannot access the recording system, they should telephone the Designated Safeguarding Lead and / or a deputy DSL. This will ensure that the concern is received. **Staff must not just leave an answerphone message.**

Staff are reminded of the need to report any concern immediately and without delay.

Where staff are concerned about an adult working with children in the school, they should report the concern to the Principal or in her absence the Head of Residential Care, immediately. If there is cause to make a notification to the Principal whilst away from school, this should be done by telephone. Staff must not just leave an answerphone message. If the Principal is not contactable, the member of staff should contact any of the DDSLs as named on the front of this document. If the concern relates to the Principal (DSL) staff should contact the Chair of Trustees, Stuart Dennison by emailing the Bursar, Chris Sharp – Bursar.sharp@moorhouseschool.co.uk

Safeguarding Training an induction

For the period COVID-19 measures are in place, a DSL (or deputy) who has been trained will continue to be classed as a trained DSL (or deputy) even if they miss their refresher training.

All existing school staff have had safeguarding training and have read part 1 of Keeping Children Safe in Education (2021). The Designated Safeguarding Lead should communicate with staff any new local arrangements, so they know what to do if they are worried about a child.

Where new staff are recruited, or new volunteers enter Moor House School & College they will continue to be provided with a safeguarding induction.

Safer recruitment/volunteers and movement of staff

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children. When recruiting new staff, Moor School & College will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of KCSIE.

Where Moor School & College are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSiE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

Moor School & College will continue to comply with the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of KCSiE. Moor School & College will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of KCSiE and the TRA's 'Teacher misconduct: advice for making a referral'.

Whilst acknowledging the challenge of the current environment, it is essential from a safeguarding perspective that any school or college is aware, on any given day, which staff/volunteers will be in the school or college and that appropriate checks have been carried out, especially for anyone engaging in regulated activity. As such, Moor House School & College will continue to keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSiE.

Safeguarding Support for students and parents working offsite

MHS&C will provide resources to students and guidance on school and college matters to parents and carers and be available to receive and act upon any safeguarding concerns reported. Parents and carers are responsible for the supervision and support for learning activities at home and for seeking guidance from MHS&C staff if they have concerns.

Monitoring of Student Health and Well-being

Some pupils may be experiencing a variety of emotions in response to the COVID-19 pandemic, such as anxiety, stress or low mood. The role of the Integrative Psychotherapist will be to provide support and advice to parents and carers around promoting well-being. Students at Moor House will be closely monitored and staff will respond to any need around emotional well-being that is noted.

Online safety in schools and colleges

Moor School & College will continue to provide a safe environment, including online. This includes the use of an online monitoring and filtering system.

Where children are using computers in school, appropriate supervision will be in place.

Children and online safety away from school and college

It is important that all staff who interact with children, including online, continue to look out for signs a child may be at risk. Any such concerns should be dealt with as per the child protection policy and where appropriate referrals should still be made to children's social care and as required the police.

Currently Moor House is not offering any online teaching or therapy, however should this change the following guidelines would be followed:

Below are some simple things to consider when delivering virtual lessons, especially where webcams are involved:

- Unless specifically agreed with the headteacher / senior staff, children will be taught only in groups.
- Never start without another member of staff- in the 'room' and without other colleagues being aware
- Unless explicit consent is given by the Headteacher staff should not deliver virtual lessons from home
- Where one to one teaching is necessary, this will only be with the explicit written consent of the headteacher, young person and parent(s).
- The DSL, head of department and / or other senior staff must be able to join any virtual lesson at any point.
- Staff and children must wear suitable clothing, as should anyone else in the household.

- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred or hidden.
- The live class should be recorded so that if any concerns were to arise, the video can be reviewed.
- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day.
- Language must be professional and appropriate
- Staff must only use platforms agreed with senior leaders and the IT / network manager to communicate with pupils
- Staff should record the length, time, date and attendance of any sessions held.

Supporting children or vulnerable adults/ pupils who are self-isolating

Moor House School & College is committed to ensuring the safety and wellbeing of all its students. The following guidance relates to those children/vulnerable adults who have a named social work in place during to ongoing Child Protection concerns.

The Designated Safeguarding Lead will ensure that a robust communication plan is in place for each child/ vulnerable adult, their parent(s) / carers and the allocated social worker or placing authority.

Details of this communication plan must be recorded on CPOMS as should a record of any contact made.

The communication plan may include; remote contact, phone contact, door-step visits. Other individualised contact methods should be considered and recorded.

Moor School & College and its Designated Safeguarding Lead/ Deputy Designated safeguarding Leads will work closely with all stakeholders to maximise the effectiveness of any communication plan.

This plan must be reviewed regularly and where concerns arise, the Designated Safeguarding Lead or Deputy Designated Safeguarding Leads will consider any referrals as appropriate, taking into account the local criteria for action.

Supporting children and vulnerable adults in school

Moor House School & College is committed to ensuring the safety and wellbeing of all its students. Moor House School & College will continue to be a safe space for all children to attend and flourish. The Headteacher will ensure that appropriate staff to pupil ratio numbers are appropriate, maximising safety.

Moor House School & College will refer to the Government guidance for education and childcare settings and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of coronavirus.

Monitoring

Safeguarding Governors will review the operation of this appendix to the Child Protection, including Safeguarding, Policy and Procedures as part of a termly safeguarding monitoring in the summer term.
