September 2023

Dear Parents and Carers,

### Food Technology contribution and reminders

Your son/daughter will be studying Food Technology throughout their schooling until at least year 9. As directed by the National Curriculum they will explore different ingredients to learn the skills to cook a range of dishes. As opposed to typical mainstream secondary schools we order in and provide the students with what they need, rather than them having to bring in their own ingredients. In order to provide students with a varied and broad experience throughout the year we politely request a contribution of £30 towards the cost of materials used in this subject area. This contribution enables us to provide students with a far superior and quality experience. This is an annual and not termly contribution. Payments can be made via PARENTMAIL. To do this you can login to Parentmail and go to 'Payments' then 'Shop'. Any problems making payment please email [parentmail@moorhouseschool.co.uk](mailto:parentmail@moorhouseschool.co.uk).

We aim to provide students with a practical cookery lesson on a two-weekly basis, they will need a named container if they would like to take their cookery home. Practical lessons will be commencing this week and will rotate accordingly between theory and practical. Students participate in Food Technology on a carousel each half term in KS3. Information regarding this can be found out from your child's class team. Finally, we always welcome all donations of unwanted Tupperware and takeaway containers. If you have anything you no longer need it would be gratefully received.

Thank you for your support and contributions.

Yours faithfully

Miss D. Carter

Director of Food Technology & AHT (Years 8 and 9)
