Dear Parents/Carers KS2, KS3 & KS4,

Parent Workshop Maths and English Strategies

Thank you to those of you who attended the recent Parent Workshop on Maths and English Strategies; I do hope that you found it useful. To support those parents who could not attend and those who would like to revisit some of the strategies, we have recorded the workshop and uploaded it into the password protected page on the Parent Portal for you to watch.

The login is the same for all parents so do use this link and this login.

P: MHP4ren1

We are aiming to record all of the workshops although if they are of a sensitive nature, this may not be possible. Also, we are aware that attendance may be a challenge for some of you due to work commitments and distance and so we are looking into obtaining appropriate equipment in order to deliver the sessions 'live'. Once we have this, I will let you know when the live workshops will be delivered. Do note that coming onsite to attend the workshops remains an invaluable experience which also provides you with an opportunity to meet other parents who might not be in your Key Stage and exchange knowledge and understanding of your child's needs and therefore we would still actively encourage you to come on site before thinking about accessing the live sessions when they are delivered.

Kind regards,

Stephanie Williams

Deputy Head Teacher
Head of Literacy
